PREFACE

Sree Buddha College of Engineering, Pattoor (SBCE) is an autonomous institution, conferred by UGC from the academic year 2024-25 and is affiliated to APJ Abdul Kalam Technological University, Kerala. For the smooth conduct of examinations, an Examination Manual is written and presented. This manual is designed to serve as a comprehensive guide for students, faculty, and administrative staff, outlining the procedures, policies, and guidelines that govern the examination process at our college.

As an autonomous institution, SBCE is committed to the highest standards of academic excellence and fairness. The examination system is a critical component of our Outcome Based Educational system (OBE), aimed at assessing the technical knowledge and problem-solving abilities of our students.

The guidelines contained in this manual are intended to ensure smooth, efficient, and transparent examination procedures, protecting the interests of all stakeholders while upholding the values of academic integrity and fairness. All students and faculty should familiarize the contents of this manual and adhere to the policies herein to avoid any misunderstandings or violations during the examination process.

This manual may be updated periodically to incorporate changes in academic policies, examination formats, or regulatory requirements. All students, faculty, and staff are encouraged to stay informed of any updates and ensure compliance with the guidelines set forth.

We wish all students success in their academic and encourage them to approach every examination with honesty, diligence, and a commitment to excellence.

Autonomous Examination Office

May 2024

VISION OF THE COLLEGE

To create Professionally competent engineers with human values and social commitment.

MISSION OF THE COLLEGE

- Offer well balanced curriculum with student-centric approach.
- Encourage students to participate in innovation, lifelong learning and research.
- Impart ethical and human values focusing on rural needs and sustainability.

QUALITY POLICY

- Sree Buddha College of Engineering is committed to create Professionally competent engineers to meet the social needs through:
- Teaching-learning process and research in congenial and conducive environment
- Integrated personality development by keeping faith in human values and sustainability
- Professional and intellectual fulfilment of institutional fraternity
- Continual improvement in all activities

I. ABOUT THE INSTITUTION

Sree Buddha College of Engineering, Pattoor (SBCE), affiliated to APJ Abdul Kalam Technological University, has established itself as a leader in technical education. The primary mission is to foster education and research in technology, equipping students with the skills and knowledge required to thrive in a rapidly changing global landscape. The focus is on developing transdisciplinary fluency in our students, enhancing their employability, and preparing them to adapt to the constant changes in technology. Every member of the SBCE community is dedicated to setting a global benchmark for excellence in education.

Founded in 2002, SBCE is guided by the timeless teachings of Lord Buddha, promoting education rooted in real-life values. The college boasts state-of-the-art infrastructure, well-equipped laboratories with modern tools, and a highly qualified and experienced faculty to ensure a world-class learning experience.

SBCE is accredited by the National Board of Accreditation (NBA) for four of its undergraduate programs and has been re-accredited by the National Assessment and Accreditation Council (NAAC) since November 2019. Furthermore, the college has been granted Autonomous status by the University Grants Commission (UGC) for the academic year 2024-25 and beyond.

As an autonomous institution, SBCE is governed by the following statutory bodies to ensure efficient management of its academic, financial, and administrative functions in accordance with UGC guidelines:

1. Governing Body (GB)
2. Academic Council (AC)
3. Board of Studies (BoS) and
4. Finance Committee (FC)

Additionally, the college has a dedicated Autonomous Examination Cell, led by the Controller of Examinations (CoE), who is supported by two Deputy Controllers, one supervisor and a team of faculty members from various technical departments.

To maintain the highest standards of quality, SBCE also has an Internal Quality Assurance Cell (IQAC) that regularly monitors the academic activities as per UGC directives. The IQAC is supported by an external Peer Team, consisting of renowned academicians who ensure continuous quality enhancement of the system.

2. AUTONOMOUS EXAMINATION OFFICE

2.1 Examination System

The examination system at SBCE is aligned with the parent University, APJ Abdul Kalam Technological University, Kerala.

For all programs, similar policies are adopted for the conduct of examinations. For each theory course there are two Internal Examinations and one End Semester Examination (ESE). For each practical course only one internal exam and ESE are conducted. Other courses like Seminar, Project, Life skills and Viva Voce etc. are conducted as per the scheme and syllabus of the program. The above components together are called Continuous Internal Assessment (CIA).

Continuous Internal examinations are conducted by the Autonomous exam cell under the supervision of CoE.

The End Semester Examinations (ESE) are conducted for theory / practical courses as per the requirement of the program. Evaluation of project / dissertation and viva voce examination also shall be conducted if the same are included in the syllabi. The guidelines set by the Academic Council shall be followed for the conduct and evaluation of such examinations.

2.2 Examination Committee

The Autonomous Examination committee consists of Principal, Controller of Examinations (CoE), two deputy controllers and one member from each department.

The following are the functions of the examination committee.

- a) To conduct the examination and publish the results
- b) To formulate/review the policies of the examination and evaluation
- c) To act as an advisory body on matters relating to the conduct of examinations.

2.2.1 Controller of Examinations (CoE)

In accordance with the guidelines of the University Grants Commission to autonomous Colleges, the Autonomous College has appointed a Senior faculty not below the rank of an Associate Professor with enough experience to act as the Controller of Examinations for the Autonomous College. All examinations leading to the award of degree issued by the University shall be conducted under the supervision of the Controller of Examinations. The Controller of Examinations is responsible for the conduct of all autonomous examinations of the College and it shall be his/her duty to arrange for preparation, scheduling, conduct of examinations and all other contingent matters connected with examinations. The Controller of Examinations shall interact with the Principal periodically to discuss the matters related to the examinations. He/she should take earnest efforts to see that all examinations

(both internal and end semester) are conducted as per the scheduled examination calendar and the results are published as per the dates mentioned in the academic calendar.

2.2.2 The responsibilities of the Controller of Examinations shall also include:

- a) Direct superintending control over the examination wing including examination sections, examination confidential wing, examination stores, examination computer section and records.
- b) He/she shall be responsible for the safe custody of all papers, documents, certificates and other confidential files connected with the conduct of all examinations.
- c) He/she shall keep the minutes of the board of examiners and all committees appointed by the said board.
- d) He/she shall convene meeting and issue notice to the Board of Examiners and committees appointed by them and conduct the official correspondence thereof.
- e) Take special care to see that secrecy and confidentiality are maintained in the conduct of examinations.
- f) The mark lists shall be issued by the office of the Controller of Examinations. The KTU will issue the provisional certificate and the degree certificate to the successful candidates on submission of application form with the prescribed fees.
- g) Taking decision on all matters related to examinations not falling within the powers of statutory officers of the college.
- h) He / She shall convene meetings and issue notices to the board of examinations and committees appointed by them and conduct official communications thereof.
- i) Exercise control over the space allotted for the examination wing including that for centralized valuation. Further, he/she should ensure that the rooms, building, laboratories, and stores are properly maintained.

2.2.3 Deputy Controllers of Examinations

The Deputy Controller of Examinations shall perform other duties allotted to him/her by the Controller of Examinations (CoE). His/her duties shall include assisting the Controller of Examinations in various activities such as:

- a) Being a member in Examination Committee
- b) Be In-Charge of office staff of CoE office and managing the assistants and casual laborers posted to assist the office works, involving physical exertion as and when needed.
- c) Preparation of examination schedule and calendar by consultation with CoE.

- d) Various duties from examination application to convocation (follow up of all related duties)
- e) Communications at various levels of examination planning, preparation, execution, valuation, tabulation, mark list printing and distribution
- f) Preparation and printing of answer booklets for various examinations
- g) Make sure the question papers are ready well before examinations
- h) Should be proficient in examination software
- i) Helping CoE in all his/her activities (finding question paper setter, examiners, actual organization and implementation of examination system)
- j) Help in the registration, preparation and distribution of Hall tickets.
- k) Collect, document and interact with the finance department in all matters related to student fines.
- l) Availability of forms related to examinations is made ready well in advance (applications, hall tickets, chellan, etc.)
- m) Prepare a list of remuneration for all examination related activities (Question paper setters, invigilators, C.V. camp, revaluation, recounting, Scrutiny members, supplementary examinations etc.) in consultation with the CoE.
- n) Prepare TA chart ready reckoner.
- o) All other tasks required in the conduct of evaluation process, including hospitality.

2.2.4 Assistant Camp Officer

The Assistant Camp Officer should assist the CoE and deputy CoEs in all activities related to the examination during the three phases of examinations (Pre-examination, Examination and Post Examination).

- a) He/she shall coordinate the software operations with the Examination committee and the software providers.
- b) He/she shall communicate with the developers of the examination software for appropriate changes to be brought to the software.

2.2.5 Examination Assistants

It shall be the duty of the assistants to carry out all the work assigned to them by the senior officers of the examination cell. They shall be conversant with the rules and regulations necessary for carrying out their duties efficiently. They shall be responsible for -

- a) Assistance for preparation of answer booklets for various examinations

- b) Assistance for the preparation of all concerned forms related to board of question paper setting, board of scrutiny, board of examiners, valuation, mark list, tabulation register, registers in the section etc. in consultation with deputy controller of examination.
- c) Make ready all forms related to examinations (Applications, Hall tickets, Chelan etc.)
- d) Processing of application for registration to examinations.
- e) Prepare nominal roll (appearing student list) and dispatch hall tickets.
- f) Arrange question papers ready for examinations.
- g) Prepare a list of remuneration for all examination related activities (question paper setters, invigilators, C.V. camp, revaluation, recounting, supplementary examinations etc.) in consultation with senior officer.
- h) Arrangements of Board meetings of examiners as and when required and ensure minutes are recorded.
- i) Assist the senior officers in the transit of files, communications and stationery.
- j) Examination related records will be kept safely by maintaining their confidentiality.
- k) He/she shall discharge duties entrusted to them by superior officers from time to time. He/she shall also ensure that unauthorized persons do not enter the examination section.

2.3 Office of the Examinations

The Controller of Examinations will create his/her own team to assist in examination related activities. The team shall consist of the Assistant Controller of Examinations of each department and office assistants as per the requirement. The Assistant Controllers of Examinations will render all help to the Controller of Examinations for the smooth conduct the examination as per rules. Teachers working in the College shall be nominated for a tenure of one year. They will continue doing their teaching work as scheduled by the College. They shall carryout all the works assigned to them by the Controller of Examinations. They shall be conversant with the rules and regulations necessary for carrying out their duties efficiently.

2.3.1 Examination Control Room

The college has set up an examination control room with entry restrictions. The examination control room have two partitioned sections: the printing room and distribution room. Access to the printing room is exclusively for the members of the examination committee. Usage of mobile phones is prohibited inside the examination control room.

CCTV cameras with recording facility are installed in the printing section and record all the activities. The CoE is bound to hand over the recordings to the University if requested. The Deputy CoE should

ensure that the camera is working properly before the start of the downloading and printing of question papers. The CCTV recordings of an examination should be securely kept for a minimum 180 days. A copy of the recorded footage of the examination halls/rooms shall be made available to the CoE after the completion of each examination schedule, if needed.

The distribution section should also have a CCTV camera. The entry to the distribution section is restricted to the examination committee members and invigilators for the particular examination. Under no circumstances, candidates are allowed inside the examination control room. The examination control room has the facility to keep examination material securely, using lock and key arrangement.

2.4 Activities of CoE Office

The various activities of the office are:

- Procurement of examination materials for every academic year
- Student enrolment and generating register numbers for all first year students
- Course registration for each semester for all courses including electives, open electives, practical courses, seminars, projects, etc.
- Examination registration and re- appearance registration
- Preparation and announcement of examination schedule for both Internal Assessment Examinations as part of CIE and ESE
- Preparation and printing of question papers
- Pre-examination works such as work-flow arrangements in software, hall arrangement, generating hall ticket, appointment of invigilators, etc.
- Preparation / Packing of answer scripts for valuation
- Ensuring timely valuation of answer scripts
- Tabulation of marks
- Declaration of results
- Maintaining transparency
- Conduct scrutiny and revaluation of answer scripts
- Conduct of examinations
- Processing and distribution of Grade cards
- Arrange Pass Board meetings
- Follow up needed for issuing Qualification Certificate by KTU

2.5 Grievance Redressal Mechanism

The grievance redressal at two levels as under: -

- At the level of the Head of Department concerned
- At the level of the Controller of Examinations

The redressal of grievances regarding CIE shall be addressed at the first level by grievance redressal committee at the department concerned headed by the HoD. If such redressal is not considered reasonable, the grievance has to be reported to the second level within two days of the publication of the consolidated results of that CIE examination and the decision on the grievance shall be taken within the next three days by an order detailing the decision. An appraisal and review of the examination process will be done after every odd / even ESE process is over.

2.6 Examination Procedure

The procedure for examination is divided into four phases

- a) Preparation of Examination
- b) Conduct of Examination
- c) Valuation of Answer Scripts
- d) Publication of results

Details of the examination procedure are presented in the following chapters.

3. PREPARATION OF EXAMINATION

All examination preparations are software assisted.

3.1 Exam Registration

For enabling and completing examination registration,

- a) All college dues must be cleared
- b) Should be having minimum 75% attendance for boys and 73% for girls.
- c) If the attendance is below 75%, to avail the eligibility (to write the exam) one should apply for condonation only if the attendance is above 60%.
- d) Only two Condonations are allowed in a program.

3.2 Constitution of various boards

The following boards are constituted by the CoE with the approval of the Principal for each examination. The boards are meant to facilitate the smooth conduct of examinations.

- a) Board of Question paper setters
- b) Scrutiny Board
- c) Board of Examiners
- d) Viva Voce Board, if applicable
- e) Pass Board

3.3 Board of Question Paper Setters

Software is employed for the question paper generation. An elaborate question bank is prepared by course coordinators, covering the entire syllabus with different difficulty levels. All COs must be covered through the questions. Mark distributions should be as per the syllabus. Each question should be having a Key/solution/scheme saved along with the question bank.

The CoE shall, with the approval of the Principal, constitute for each semester, a board of question paper setters from the list supplied by the Chairperson of the concerned BoS. He/she may assign the required number of question paper setters for each course or group of courses for which examinations are held.

There shall be separate boards of question paper setters for PG and UG programs. The same person can be included in separate UG and PG boards. The duties of the Board of question paper setters shall be to set the question papers for the course along with answer key/ scheme of valuation and to see whether the prescribed standards have been kept and whether the scope of the questions are within the prescribed syllabus and to do such other duties as may be prescribed by the Academic Council

and Governing Council from time to time. A model question paper along with the corresponding syllabus and format approved by the academic council as regulations for question setting may be handed over to the question paper setter well in advance. A Question Bank for each course shall be prepared by the course coordinators, which may be continuously updated with the help of teaching faculty. Inputs and feedback of students may be used in the process. The CoE's office shall generate a question paper of the prescribed format for each course using the software.

The following guidelines shall be followed in the constitution of Board of Question paper setters

- a) There shall be separate panels of question paper setters for each course for various PG & UG programs.
- b) The panels of question paper setters are to be suggested by the Chairman, Board of Studies (BoS) of the concerned course in consultation with two seniors most members of the department and forwarded to the CoE at the start of the semester itself. The list prepared by the Chairman, BoS shall be treated as highly confidential and shall not be included in the minutes of the meeting of the BoS or the department.
- c) There shall be a minimum of two members in the panel of question setters for each course/paper and the validity of the panel shall be for two years and are eligible for reappointment for successive years following the year of first appointment. One of the members can be an external member suggested from KTU affiliated colleges.
- d) Every two years, the existing panel available with the CoE shall be forwarded to the Chairman of the BoS for revision.
- e) The CoE shall select the required number of persons from the panel for consideration for appointment as question paper setters. Communications are sent to all such persons to obtain their consent to serve as question paper setters according to the terms and conditions of the Autonomous College. If any person declines the nomination, another person selected by the CoE from the panel is addressed, and his/her consent is obtained. When adequate number of persons is available for a course, a formal order of appointment is issued to them with the approval of the Principal.
- f) The appointment of question paper setters shall be made by the CoE in the first month of each semester.
- g) The period of appointment of all paper setters shall be limited to the date of publication of results of the examinations for which he/she is appointed. However, they are eligible for consideration for re-appointment in subsequent examinations. Copies of all communications from the

autonomous examination cell, which have relevance in the conduct of examinations, shall be maintained in the office of the CoE.

3.3.1 Qualifications of Question Paper setters

Any person engaged in the regular academic process in Sree Buddha College of Engineering Pattoor (Autonomous), and with an experience of at least two years are eligible for appointment as question papers setters in any of the programs conducted by the college. This is applicable to external members also.

3.3.2 Duties of Question Paper Setters

Appointment of question paper setters is considered as the most important responsibility of the college, so also its confidentiality.

- a. Members of the board of question paper setters shall be responsible for setting the question papers for the courses allotted to them by the Controller of Examinations.
- b. Any person who having a near relative attending the said examination should not accept the offer to be member of the board.
- c. The paper setters are required to set three set of question papers and scheme of valuation for each course.
- d. The similarity between the question papers shall be limited to an extend of 20%
- e. Question paper setting is done internally inside the autonomous examination cell under CCTV camera surveillance.
- f. The Controller of Examinations shall, if required, request question paper setters or the chairperson of scrutiny board to correct proofs of papers set by the setter.
- g. The proceedings of the boards of question paper setters shall be treated as strictly confidential.
- h. Copies of the communications from the examination cell, registers and files for monitoring the schedule of meetings of the various boards of question paper setters, minutes of such meetings and other documents, if any, which have relevance in the conduct of examinations, shall be maintained in the office of the Controller of Examinations.

3.3.3 Instructions to Question Paper Setters

All question paper setters should strictly comply with the following instructions

- a) All question paper setters should keep their appointments strictly confidential. Question papers are to be submitted confidentially only to the Controller of Examinations.

- b) The question paper should be prepared in the given format only according to the guidelines issued by the Controller of Examinations from time to time.
- c) The appointment of examiners is offered on the distinct understanding that such persons are not having any commercial or pecuniary interest in education other than his vocation as a teacher.
- d) Use of abbreviations of any kind is to be limited as far as possible.
- e) Special care must be taken in the delineation of mathematical signs and index figures.
- f) Each question paper must contain the name of the examination, branch, the name of the course, course code, the maximum marks assigned, the duration and special instructions, if any.
- g) The question paper setter should prepare the question paper(s) following Bloom's Taxonomy (As mentioned in Appendix A).
- h) Pro forma shall be forwarded from the CoE's office to verify the compliance of the question paper according to the guidelines issued by the Academic Council.
- i) In the case of question papers which are common to two or more courses, mention shall be made of the fact in the heading itself.
- j) The marks assigned to each question shall be noted against the question concerned in the question papers except when it is stated that all questions carry equal marks.
- k) Marks for sub-divisions of questions shall also be indicated.
- l) The number of questions to be answered or the choice amongst them shall be specific, precise and free from ambiguity.
- m) Questions must be set with relation to the prescribed course of study and the books recommended by the Board of Studies of the program and must conform to the standard and syllabi lay down by the college.
- n) The question paper setters shall preserve the strictest secrecy with regard to copies of text books or notes or extracts used in setting question papers, and drafts or copies of question papers shall be kept with the same care and secrecy as question papers themselves. These papers shall be destroyed as soon as the question papers are finally prepared and sent to the Controller of Examinations.
- o) Every question shall be clear and definite in language as also in regard to the form and nature of the answer expected. The question shall not be vague, or far-fetched, or beyond the required standard.
- p) The questions shall be evenly distributed as per the whole syllabus and course plan.

- q) All the pages shall be numbered, while numbering the pages, the total number of pages shall also be indicated e.g. 1/3, 2/3, 3/3 where 1, 2 etc. refers to the numbers of pages and 3 the total number of pages.
- r) The paper shall be such that a student having reasonable ability, well prepared in the course, can normally be expected to answer the paper completely within the allotted time.
- s) The questions must be selected such that 40% of questions may be straightforward so that any average student can answer the questions. 50% of questions may be of a moderate degree of difficulty and 10% of the questions may be of high degree of difficulty.
- t) Any “special direction to students” and instructions regarding the answering of different sections in different answer books, the number of questions to be answered or the choice amongst them shall be specific, precise and free from ambiguity.
- u) Information regarding permission to use data books, tables, charts, graphs etc. shall be mentioned in the question paper. Such information should be furnished to the Controller of Examinations separately also.
- v) Questions shall not be a mere reproduction from text books or other question papers.
- w) No question shall require answer infringing religious or political belief on part of the student.
- x) All external question paper setters after finishing the work of setting question papers shall submit to the Controller of Examinations the memorandum showing the work done by them and their remuneration bills along with question paper set.

3.4 Scrutiny Board

The CoE shall constitute a Scrutiny Board consisting of one senior member of the board of question paper setters for each course to scrutinize the question papers. The question papers received from the setters shall be confidentially and meticulously scrutinized by the board in the office of the Controller.

The objectives of the scrutiny shall be to ensure that the questions are:

- In conformity with the prescribed syllabi and schemes of examinations of the required standard
- Free of typographical and grammatical errors
- In conformity with marks allotted as per the direction issued in the scheme.
- Prepared with the right answer key and correct mark distribution.

The scrutiny board shall modify, if required, the question papers/ answer key to achieve the objectives mentioned above. After scrutiny, personally hand over the entire question papers along with answer keys in properly labeled and securely sealed separate envelopes to the CoE.

3.4.1 Duties and Responsibilities of Question Paper Scrutinizer

The duties and responsibilities of question paper scrutinizers are as follows:

- a) Ensure that the question papers have been set strictly in accordance with the prescribed syllabi, scheme, and pattern.
- b) Ensure that the course outcomes and levels of Bloom's taxonomy are adequately addressed.
- c) Ensure that the questions cover the broad areas of the entire syllabus maintaining the prescribed standards and the course outcomes.
- d) Ensure that all the questions are from within the prescribed syllabus and are not getting repeated.
- e) Check and make sure that the name of the examination, course title and code, duration, the maximum marks allotted to each question, choices, and maximum marks of the question paper are as per the curriculum.
- f) Scrutiny board members may modify the questions in conformity with the pattern prescribed in the syllabus. The answer key and the scheme of valuation also shall be modified accordingly.
- g) Ensure that the questions are serially numbered.
- h) Check and ensure that the abbreviations other than that usually given in the textbooks are not used and the acronyms are expanded. Errors in punctuation, grammar and spelling should also be corrected.
- i) The question paper shall not leave any ambiguity/confusion.
- j) Ensure that all questions can be answered within the prescribed time duration.
- k) Scrutiny board members shall ensure that after the scrutiny of the question papers, draft copies of the question papers are destroyed. Printouts taken, if any, of the draft copies of the question papers, are to be destroyed once scrutiny is completed. The members shall ensure the confidentiality of the scrutiny process and the seriousness as per the norms.

3.5 Board of Examiners (BoE)

3.5.1 Constitution of Board of Examiners

The panel of examiners as per the requirement for each course shall be prepared by the Head of Department of the respective course.

3.5.2 Term of Appointment of Examiners

Examiners shall be appointed for odd or even semesters and shall be eligible for reappointment.

3.5.3 Guidelines for Appointment of Examiners

- a) Ordinarily, a person with a minimum teaching experience of two years in an UGC / AICTE approved college or university department is eligible for first appointment as examiner.
- b) Persons with professional qualification in the relevant discipline and having five years of experience in industries can be considered for appointment as examiner for viva or project evaluation.
- c) The appointment of examiners for each semester shall be made and confirmed before 15 days of the commencement of the examination for both theory and practical.
- d) In case, any examiner is found inefficient or indulging in misconduct, malpractice, negligence or disobedience, the Controller of Examinations shall report the name of such persons to the Principal for exempting them from being examiner/ question paper setter in future.
- e) The period of appointment of all examiners or paper setters shall be limited to the date of publication of results of the examinations for which he/she is appointed. However, they are eligible for consideration for re-appointment in subsequent examinations.
- f) The Controller of Examinations shall constitute a board of examiners, for each course for odd and even semesters. All examiners appointed to value the answer books relating to the examinations coming under the board will be the members of the board.
- g) All examiners are required to attend meetings, if any, convened by the office of Controller of Examinations. In case, a member does not turn up for the meeting(s) without sufficient reasons, the Controller of Examinations may remove him from the panel of examiners.

3.5.4 Appointment of Examiners

- a) The appointment of examiners shall be made by the Controller of Examinations from the panel submitted by Head of Department of the respective course.
- b) Separate boards will be constituted for various levels of programs.
- c) The board of examiners for postgraduate examinations shall be faculty members who are having experience in teaching the courses at postgraduate level.
- d) The appointment of members of the board of examiners shall be communicated to them. The mail communications to the examiners shall be marked 'CONFIDENTIAL'. Similarly, all mail

communications from the examiners shall be addressed to the Controller of Examinations marked as “EXAMINATION CONFIDENTIAL”.

- e) A copy of the “Instruction to the Examiners” shall be sent to each examiner by the Controller of Examinations office.
- f) The internal examiner should not decline the duty assigned under any circumstances unless exempted by the Principal on valid grounds.
- g) Any internal faculty member who declines to serve as examiners shall forth with be asked to furnish their explanation in writing for doing so and the matter may be reported to the principal for appropriate action.
- h) Any person who has a near relative as defined hereunder attending the said examination shall inform the Controller of Examinations in writing regarding the same and may recuse from being a member of the board of examiners. In such cases, the Controller of Examinations may take appropriate decision.

3.5.5 Instruction to Examiners

The examiners shall comply with the following instructions.

- a. All routine correspondence relating to examinations shall be addressed to the Controller of Examinations, Sree Buddha College of Engineering (Autonomous), Pattoor, by designation and not by name.
- b. In all correspondence, by letter or by e-mail, full details of the examinership shall be given below the examiner's name to enable easy identification of the examiner and also for prompt action to be taken.
- c. Examiners are appointed by the college for valuing answer books and / or for conducting project evaluation viva-voce and/or practical examinations at the college held during any session. Examiners appointed for any session of examinations shall hold office for that particular session only.
- d. All examiners are required to keep their appointments and the marks/grades awarded by them strictly confidential.
- e. The appointment of examiners is offered on the distinct understanding that such persons are not having any commercial or pecuniary interest in education other than his vocation as a teacher.

- f. In case any member of the examiner's family or any near relative as defined in this manual is appearing for the examination for which he/she is an examiner, the fact shall be promptly reported to the Controller of Examinations giving the name and details of the student.
- g. All examiners shall be required, as a condition of their appointment, to attend meetings, if any, convened for instructions to be issued.
- h. In the case of valuation of physical answer books, every examiner shall furnish in the prescribed form sent to him together with the answer books, the correct number of answer books received for valuation and return it to the Controller of Examinations after all the answer books allotted to him for valuation have been received by the examiner.
- i. The scheme of valuation along with answers shall be provided by the autonomous exam cell for facilitating the valuation process.
- j. All examiners in a course should adhere to the prescribed scheme of valuation to secure uniformity of marking/grading.
- k. Diligent valuation to be ensured so that no answer to a question or a sub division is left out.
- l. If there are grave defects in the valuation, totaling of marks/grades or entering of the marks, or inefficiency in the discharge of duties entrusted to the examiner, such person shall be removed from the panel for a period to be decided by the college.
- m. All valued answer books shall be sent by the examiners to the Controller of Examinations
- n. The examiners appointed for conducting the practical examinations shall be present at the venue of the examination.
- o. The procedure for evaluating practical examinations will be prescribed by the CoE
- p. The answer books of the practical examinations shall be sent to the Controller of Examinations after the assigned practical examinations are over.
- q. Marks/grades should be carefully entered in the examination portal.
- r. Fractions of marks in the total of each paper should be brought to the next integer, which alone should be entered in the mark sheets.
- s. Total marks for each student should be written in words also. The word 'only' should be added in the case of marks awarded in round numbers such as 10, 20, 30 etc. and also in the case of single digit marks.
- t. Remuneration as per the college norms will be paid to the examiners for attending examinations. Such remuneration or reimbursement of expenses will be paid only after settlement of the bills. All such bills should be submitted to the office of the Controller of Examinations.

- u. Examiners who have sufficient reason to suspect malpractice on the part of any student or students should forthwith and communicate with the Controller of Examinations forwarding all material evidence available. The nature and possibly the punishments inflicted for will depend largely upon the evidences furnished.
- v. Attempts made by students or other interested persons to influence the examiners with regard to the valuation of any of the answer books shall forthwith be reported to the Controller of Examinations.

3.6 Project/Viva Voce Board

The Controller of Examinations shall refer to the regulations as approved by Academic Council from time to time for deciding whether a particular course needs project / viva voce. Based on the regulations, Controller of Examinations shall constitute Project / Viva voce board from the list submitted by the Head of Department concerned.

3.7 Pass Board

Once the tabulation of an examination is completed, the Controller of Examinations shall convene a meeting of the pass board. The committee consists of

- a) Chairperson – HoD of the concerned department
 - b) Vice Principal
 - c) Subject expert
 - d) Convener- Senior faculty
- There shall be one separate pass board for UG and PG
 - The meetings of the pass boards shall be held to finalize the results of PG and UG examinations separately.
 - Subject moderation can be applied by the CoE in consultation with the chief controller and minutes of the meeting should be prepared and kept under the custody of CoE.
 - It shall be competent for the pass board to decide on the moderation of marks to normalize the results with sufficient justification
 - The minutes shall be recorded and signed by the members present and the chairperson of the board in the minute's book available with the office of the Controller of Examinations
 - The minutes of the meetings of the pass boards shall contain the following details:

- Time, day, date and venue of the meeting
 - Names and signatures of the members' present
 - A brief statement regarding consideration and approval of the results
 - The marks of moderation, if any, recommended by the board with justification
 - Special conditions, if any, for the award of moderation, such as flat (course wise) moderation, moderation to attain a specified percentage of marks, in cases of marginal deficiencies, etc. should be unambiguously recorded.
- The duly prepared minutes of the pass board have to be given ascent by the Controller of Examinations.
 - The minute's book shall be kept under safe custody of the Controller of Examinations.
 - The Controller of Examinations shall submit the results to the principal who is the Chief Controller of Examination before publication of the same.
 - The results shall be published not later than the date fixed by the Academic Council for that calendar year.

3.8 Procurement of Examination Materials

A detailed requirement analysis is made and the consolidated budget including remuneration, printing and stationery materials will be submitted to the Principal for approval for every year. The required stationery and printing materials will be purchased by the examination cell, well before the commencement of the examinations.

3.8.1 Preparation of Answer Books

The main answer books to be supplied in the examination shall be prepared well in advance with specific format. The stock register should be maintained at the controller of examinations office regarding issue and return of answer booklets.

3.8.2 Printing and delivery of Barcodes

The autonomous examination cell must plan for the printing and delivery of the required number of barcodes to Examination office for each Examination.

In case of inability to read barcodes and identify false numbers, CoE shall generate additional false numbers in the portal and assign the same to answer scripts at Valuation camps for the mark entry purpose.

4. CONDUCT OF EXAMINATIONS

The College prepares the examination calendar for every academic year/ semester in consultation with the CoE well in advance, and shall publish the same on the college website. The information regarding the same shall be passed to heads of all departments. All examinations of the year / semester shall be conducted as per the examination calendar. No separate notification shall be issued in this regard. The Controller of Examinations should follow the approved guidelines and schedule for the conduct of examinations in every year. Any exceptions should be approved by the Academic Council.

4.1 Issue of Time Table of Examinations

The CoE shall issue the timetable of various examinations in every semester, one month before the commencement of the end semester examinations.

4.2 Registration for Examination

- a) All students admitted in a program (UG & PG) with required attendance can register before the date fixed.
- b) The mode of fee remittance shall be through online or bank transfer
- c) Hall ticket will be issued only if he/she meets the prescribed criteria prescribed in the regulations for each course.
- d) The list of candidates having sufficient attendance and who have paid the required fees shall be intimated by the advisor before the deadline for registration for a particular examination.
- e) No candidate will be eligible for the semester examination unless he/she possesses minimum attendance and has paid the required fees.
- f) The electronically generated hall tickets will be printed and distributed by the examination cell.

4.3 Preparation of Nominal Roll

A nominal roll showing the name of examination, month and year of examination, name and register number allotted shall be prepared for each examination. The name and register numbers shall be given under separate categories such as regular, / supplementary / old scheme, etc. on the last page of the roll, details such as total number of candidates registered, number of regular students, number of supplementary candidates may be given for easy reference whenever required.

4.4 Preparation of Hall Tickets

The hall tickets of the eligible students shall be generated in the Controller of Examinations' office with name, register number and recent digital photograph of the student. The hall ticket shall contain

the details of the courses with codes and titles for the concerned semesters. The hall tickets will be issued to the advisors from the AEC. The seal of the AEC, along with the signature of CoE shall be affixed on each hall ticket before distributing them to candidates. Duplicate hall ticket may be issued in case of irrecoverable loss of original hall ticket after levying the prescribed fee and obtaining a declaration from the candidate duly recommended by the principal/head of the department.

4.5 Printing and Distribution

On the day of exam, CoE randomly selects one question paper from a set of three scrutinized question papers.

Offline Mode: The required number of question papers shall be printed and packed in sealed covers with details regarding the name of examination, the month and year of examination, name of the course, date and time of examination and number of copies of question papers enclosed. A question paper statement in prescribed format shall be prepared showing the details regarding the name of examination, the month and year of examination, course and course code, number of question papers required and the number of question paper packets prepared. The statement and the entries on question paper covers shall be compared and ensured that entries are correct. The packet containing QP, answer books, barcodes, layout and attendance sheet is handed over to the invigilators 20 minutes before the start of examinations.

4.6 Cancellation of Hall Tickets

The CoE can suspend or nullify, by issuing a speaking order as per college rules and regulations, the hall ticket issued in the name of any student for misconduct or if found ineligible to appear for the examination, after affording an opportunity to the student to present his case.

4.7 Methods of Examinations

- Unless otherwise specifically provided for, examinations shall be conducted by one or more of the following methods: -
 - a) Written b) Practical c) Oral d) Computer-assisted testing

4.8 Prohibition of Religious Belief or Profession or Political Views

Special care should be taken to ensure that no question shall unwarrantably critique, disparage or offend the religious persuasions, ideological moorings, and political positions of the candidates.

Conversely, no answer given by any candidate shall be objected to on the ground of its giving expression to any particular form of religion, politics, and ideology.

4.9 Appointment of Observer

An observer is to be posted by the Controller of Examinations. The observer shall be a senior faculty from another UGC/AICTE approved college or university department.

4.10 Admission of Students to The Examination Hall

Students shall bring their hall ticket and college identity card, on each day of the examination and shall produce the same when demanded by the Invigilator or any other person authorized by the college for the purpose. The CoE shall have the power provisionally to admit a student who has lost his hall ticket and/or identity card for one day, if personally satisfied as to the identity of the student. In subsequent days the student must bring new hall ticket issued by the college and/or identity card issued by the college.

- Students shall take their seats in the examination hall at least 15 minutes before the time fixed for the start of examination.
- Students presenting themselves more than 10 minutes after the commencement of examination should not be admitted for the examination of that day.
- It shall be competent to the Principal to exclude any student from an examination, on being satisfied that he is suffering from any infectious or contagious disease. Such cases shall immediately be reported to the Controller of Examinations.
- Students who are not eligible to appear the examination, due to not satisfying any of the eligibility criteria as per the respective ordinances/regulations of the program, shall not be admitted to the examination hall.

4.11 INSTRUCTIONS

4.11.1 Instructions to Deputy Controller of Examinations (Dy. CoE)

The Dy. CoE is responsible for the efficient conduct of examinations at the venue. He/she shall be a senior faculty member appointed by the Principal. The following guidelines may be followed for the smooth conduct of the examinations. The Dy. CoE shall ensure

- The list of students appearing for the specified examination is received from the Controller of Examinations

- The required number of answer books and the stationery required are received at the examination control room at least 5 days prior to the commencement of examinations.

The following arrangements are made for the conduct of the examination.

- Seating arrangement for the students should be displayed in a prominent place
- Ensure examination room is clean, properly lighted and that no writings are there on the desks/walls or board.
- Selection of appropriate number of invigilators from among the faculty members, well in advance as per norms
- See that the examination hall is opened only 20 minutes before the commencement of the examination. The students are to be instructed to occupy their seats at least 15 minutes before the commencement of the examination.
- See that arrangements are made for ringing the bell as detailed below. For a 2.30-hour examination starting at 09.30 a.m., the bell timings shall be as follows:

FN	AN		
09.15 am	1.15 pm	Long bell	Students to enter the examination hall
09.25 am	1.25 pm	Short bell	Distribution of question papers.
09.30 am	1.30 pm	Long bell	Start of examination
10.30 am	2.30 pm	Short bell	1 hour of examination is over
11.30 am	3.30 pm	Short bell	30 minutes to complete the examination
11.55 pm	3.55 pm	Short bell	Warning bell for the students
12.00 pm	4.00 pm	Long bell	Examination is over

Similar timings shall be followed for examinations commencing at 1:30 p.m. The above schedule of timings shall be appropriately modified for examinations commencing at other timings.

- In an unforeseen event of late commencement of examination, the time lost should be compensated. Any such instance should be immediately reported to the Controller of Examinations and Chief Superintendent.
- The printing of question paper cover shall be started only 90 minutes before the commencement of the examination. This should be done in the presence of the CoE.
- Ensure that the invigilators do not carry the mobile phones with them to the exam hall.
- Ensure that the invigilator for each room collects the answer books 20 minutes before the commencement of examination and that they proceed to the examination room.

- j) Mobile phones, programmable calculators, smart watches and other electronic gadgets should not be allowed in the examination room even if they are switched off. If any student brings in such materials to the examination room, they have to be taken into custody by the invigilator in switched off mode and return back after the examination is over.
- k) Allow only hall-ticket, pen, pencil, eraser and scientific calculator or permitted data book in the examination room.
- l) Hand bags should not be permitted inside the examination rooms.
- m) Keep utmost vigil throughout the examination process.
- n) The Dy. CoE may visit the examination hall and ascertain that the invigilators are doing their duties properly
- o) A student shall not be allowed to write the examinations, if he does not have a valid hall-ticket. However, if a student reports that his hall-ticket is lost, the Dy. CoE, after receiving a written request from him along with required fees, shall forward it to the CoE for issuing a duplicate hall ticket. This can be allowed only if his name is included in the nominal roll issued by the college.
- p) For all examinations, all used answer books shall be packed within 60 minutes after the examination is over.
- q) Unused answer books shall be counted and kept in safe custody and a stock register should be kept for this purpose.
- r) The Dy. CoE shall go through the 'Instructions for the invigilators' and give necessary directions as and when required.
- s) The Dy. CoE is responsible for keeping proper accounts for the stock and use of the answer booklets.
- t) The blank answer booklet shall not be used for any other purpose.
- u) The consolidated list of absentees should be entered in the software immediately after the examination.
- v) After the completion of the examination, the Dy. CoE must submit a consolidated statement of work done by each invigilator.

4.11.2 Instructions to the Observer

The observer shall be present in the college on every day of examination one hour prior to the scheduled commencement of the examination till the end of all formalities of conduct of examination. The observer should perform the following activities on the day of examination:

Before the Examination

- The forenoon exam starts at 9:30 am and after noon exam starts at 1:30 pm (on Fridays, AN exam starts at 2:00 pm).
- The observer shall be present in the examination control room one hour prior to the scheduled start time of examination or as directed by the Controller of Examinations.
- The question papers for the examination shall be printed and packed in the examination control room only.
- The observer has to sign a declaration to the effect that the question paper was downloaded and packed in his/her presence.
- Verify that the question papers downloaded are meant for the date and session (FN/AN) of the exam.
- Assure that during the above process strict confidentiality is maintained at control room and do not allow anybody other than the Dy. CoE or authorized person to communicate over phone or any other means.

During the Examination

- During examination time, frequently visit all the examination halls to check fair conduct of examination. If any unfair incident is noticed, report it to the CoE.
- If any student is found involved in unfair means, inform the matter to concerned invigilator for handing over all proofs and evidence of unfair means and answer book to the CoE in a separate sealed cover along with a brief report. The observer shall also report the matter to the CoE directly.
- After 30 minutes from the commencement of examination, ensure that attendance sheets and unused answer booklets are returned to the control room from the examination halls.
- Being an observer, ensure all that is needed for the smooth conduct of ESE at the college.

After the Examination

- Ensure that the packets containing answer booklets from all examination halls are handed over to the COE or designated official by the invigilator within 15 minutes after the scheduled closing time of the exam.
- Ensure that the packets are packed and sealed for transferring to the valuation center.

- Verify the stationery register for usage of answer book and counter sign the entries.

4.11.3 Instructions to the Invigilators

Invigilation is a crucial task in an examination. Impartial invigilation helps not only to check the use of unfair means but also to keep the morale of the candidates high. A set of guidelines for the invigilators is given below:

- Report to the Chief Superintendent at least half an hour before the commencement of the examination.
- Use of mobile phone is strictly prohibited. If any emergency arises, contact the support staff available near to your exam hall.
- Collect the correct number of question booklets and answer books from the Dy. CoE and ensure that the question papers are for the examination scheduled for the day.
- Candidates need to be admitted only if they have valid hall ticket. If not, direct them to the Chief Superintendent for necessary guidelines.
- Help the candidates locate their seats. If any candidates are in possession of mobiles phones, calculators, or digital diary or any other electronic equipment, instruct them to keep them outside the examination hall.
- Verify the identity of the candidate through the photograph on the hall ticket and mark their attendance.
- Candidates shall be admitted to your hall, if his/ her register number is allotted to your seating plan. If the register number of a candidate does not appear in your seating plan, direct him/her to the AEC for further verification and action.
- Distribute the answer books 10 minutes before the commencement of the examination and direct the candidates to fill in the roll number and other entries in appropriate places. The invigilator shall verify that the details filled in / barcode affixed by the candidate are correct. Get their signature in the distribution sheet against their register number.
- Distribute the question papers five minutes before the commencement of the examinations and ask the candidates to start writing after the third stroke of the bell.
- Five minutes before the end of examination, along with the warning bell, announce 'last five minutes' and do not allow any candidate to leave the room. After the last bell (3 strokes) ask the candidates to stop writing and put their pens down.

- k) Collect the answer books and ensure that the count is correct and hand over the same with attendance list and unused answer books to the AEC. Report to the CoE before leaving the examination premises.
- l) The rule that candidates are not to leave the hall before the expiry of one hour from the commencement of the examination should be strictly enforced. The question papers from such candidates should be collected.
- m) No candidate who leaves the room during the examination shall be allowed to return.
- n) Candidates who leave the examination hall more than one hour earlier than the scheduled time of the examination should surrender their question papers with their name and register number written on them. The candidate(s) may collect them back after the examination, if they so desire.
- o) Candidates who leave the hall refusing to surrender the question papers, as stated above, shall not be allowed to take the examination on subsequent days and the matter may be reported to the CoE.
- p) Candidates shall be permitted to leave the examination hall only after his/her answer book is taken charge of by the invigilator.

Important Notes

- No candidate without valid hall ticket is to be admitted into the hall.
- Candidates shall be admitted to the examination hall 15 minutes before the scheduled time.
- No student shall be admitted to the examination hall 10 minutes after the commencement of the examination.
- See to it that strict silence is maintained in the examination hall. Talking amongst candidates, borrowing of materials etc. should be strictly forbidden.
- Do not give any clarification to the students regarding mistakes in the question paper, mode of answering etc., if any. If clarification is required, ask the candidate to give it in writing to the CoE.
- Allow the use of logarithm tables, calculators, etc. only if their use is permitted as per the instructions given in the question paper.
- Do not allow mobile phones or any electronic equipment in the examination hall.
- Remain alert and vigilant, and check the use of unfair means in the examination hall. In case of any unfair indulgence, immediately take custody of the answer book and submit a written report to the CoE.

- Do not allow any candidate to write on the question paper. Advise them to use the last page of the answer book for rough work.
- Do not allow refreshments for the candidates in the examination hall.

4.11.4 Instructions to Students

- Every student shall register for the ESE of the relevant semester in which he is studying for obtaining promotion to the next semester.
- The regular students should bring their hall tickets and college identity card for entering the examination hall.
- The student should fill all the mandatory entries on the cover page of the answer booklet and provide the answer booklet to the invigilator for verification of the same if demanded by him
- The students should not tear out any page or part thereof from the answer booklet.
- The students should not write their register number or name or make any identification marks on any part of the answer booklet.
- The students should not write on the reverse side of the cover page. Both sides of the subsequent sheets in the answer books can be used for answering.
- The course completed student should bring their hall tickets and a valid photo identity card like Aadhaar / Driving License / Voter's ID / Pan Card / valid Govt. issued ID card with photo for entering the examination hall
- If the hall ticket is lost, they should immediately apply for a duplicate hall ticket to the Controller of Examinations through the Head of Department, as the case may be after remitting the required fee.
- The students should enter the examination room at least 15 minutes before the commencement of examination and shall not leave the room during the last ten minutes.
- No student shall be allowed to leave the examination room before one hour after the commencement of examinations.
- Students are permitted to use only blue or black ink pens for writing examinations
- Only hall ticket and permitted items like scientific calculator, instrument box, medicine, drinking water are allowed in the examination room.
- Data books and code books are permitted only with the permission of the invigilator if the question paper contains a note to this effect.
- Students should not include any additional writings, pages in handwritten or printed form, with such permitted materials.

- o) Mobile phones, programmable calculators, smart watches, communication devices and any other electronic equipment are strictly prohibited in the examination room.
- p) Instances of malpractice such as copying using manuscripts, copying from other students, smuggling of answer books, indecent behavior in the examination room, use of unfair means etc. are liable to be punished as per rules.
- q) Instructions given in the answer books and question paper should be strictly followed.
- r) Student should not write anything other than their name and register number in the question paper.
- s) Strict silence should be maintained in the examination room.
- t) The students are not permitted to leave the examination room without the permission of the invigilator during the examination.
- u) The students are forbidden to ask questions of any kind during the examination.
- v) Exchange of any items between students is not permitted.
- w) Students are not allowed to raise any queries relating to the question paper such as to explain the meaning of a question or advice on choice of questions or point out the correction of typographical errors, etc. to the invigilator.
- x) Students who leave the examination hall more than five minutes earlier than the scheduled time for the close of the examination should surrender their question paper with name and register number written on them to the invigilator and the student may collect them back after the examination, if they so desire. **Students who leave the hall after refusing to surrender the question paper, as stipulated above will not be allowed to take examinations on subsequent days.**
- y) Students shall be permitted to leave the examination hall only after his answer book is taken charge of by the invigilator on duty in the hall. They should not be permitted to leave the hall after keeping their answer books in their seats.

4.11.5 Affixing of Barcodes in the answer Scripts and Attendance Sheet

The college supplies "pre-assigned barcodes" for each candidate, for each Examination, in each course. The barcode consists of an alpha numeric code. Example: BR-CS-A7C4, MR-Y68U9P, UR-MBA-EFT3 etc. Candidates and invigilators should take utmost care in Examination halls while pasting the barcodes on attendance sheet and answer scripts. The details of barcodes provided and how it is to be affixed on the attendance sheet and answer scripts is described below:

- a) Ensure that alpha numeric code on all the barcodes (pasted on attendance sheet as well as on answer book) is the same.

- b) Each pre-assigned barcode-set provided for a candidate consists of five parts.
- c) First part consists of Register number, Name of the candidate, Alpha numeric code and Course code. The second, third, fourth and fifth parts are identical in all respects.
- d) The alphanumeric code appearing in the first part will be repeated in the other four parts.
- e) First part is to be pasted on the attendance sheet on the column under the title: “Name and Register number of the Student”.
- f) Out of four identical parts, three are to be pasted on three specified spaces on the Answer Scripts of the candidate and one is to be pasted on the attendance sheet (on the column under the title: “Barcode”). Candidates can use spare barcodes in case of damage/non receipt of pre-assigned barcodes. In case of spare barcodes, the first part consists of only alphanumeric code, second, third, fourth and fifth parts are identical and carry the same alphanumeric code as in the first part. As mentioned above, the first part and one among the other four parts is to be pasted on the attendance sheet and the other 3 parts are to be pasted on the answer book.

4.12 Exclusion of Students on Account of Disease

Any candidate shall be excluded by the CoE from an examination on being satisfied that He/she is suffering from any infectious or contagious disease.

4.13 Exclusion of Students for Misbehavior

Students taking an examination shall be under the disciplinary control of the CoE, and shall obey his instructions. In the event of a student disobeying instructions of the CoE / Dy. CoE / invigilator or behaving insolently towards them, without prejudice to any other action that may be taken against him, the student may be excluded from the day's examination and if he persists in his misbehavior he may be excluded from the rest of the examinations by the Principal. The Principal shall refer the case to the disciplinary committee for proper inquiry and finding on the matter. The committee should submit its findings to the Principal for further proceedings as specified in the schedule attached to this manual. The Principal shall report all such cases to the Governing board. The matter is also to be intimated to the Controller of Examinations for recording the proceedings.

4.14 Debarring students and quashing results

If at any time after the publication of results, it is found that a student was not eligible for taking the examination, as per the regulation / norms / orders issued by the college relating to the course concerned or that he has secured admission to the course or the examination, on production of false information in the application form or that he has used unfair means at an examination, the Governing Body shall have power to quash the results of the examination, taken by the student, and cancel the

registration and / or debar him/her from appearing for any examination of the college permanently or for a specified period considering the gravity of the offence committed by the student, pending an enquiry into the same. In all such cases, before taking final decision by the Governing Board the student shall be given an opportunity to present his case.

4.15 Punishment for Malpractice

Any student found involved in any action which comes under the purview of malpractice will be dealt very seriously. The disciplinary action committee of the college (DAC) will conduct a detailed inquiry on the reported malpractice and submit its recommendations to the Principal. The Principal shall decide the course of action on the issue related to malpractice in Examinations, based on the recommendations of the Disciplinary Action Committee (DAC). Refer Appendix B for the punishments to various levels of malpractice.

4.15.1 Malpractices during Examinations

Malpractices in Examinations shall be viewed seriously, and any such alleged incident observed or reported by a faculty member or an invigilator associated with the examinations shall be forwarded to the Disciplinary Action Committee (DAC) of the college.

4.15.2 Malpractice reported from Valuation camp (reported by examiners)

The alleged Malpractice cases reported from Valuation camps will be examined by DAC for appropriate recommendation on the matter after conducting a hearing of the students.

4.15.3 Management of Malpractice Cases

- a) **Processing of Malpractice Cases:** Reports of DAC will be submitted to the CoE and will ensure that the recommended punishments, if any, are in accordance with the Examination Manual and will make any suitable alterations accordingly.
- b) **Withholding the results until a decision is taken:** If a student is reported for alleged Malpractice, his/her result in the same course of the Examination concerned will be withheld. Withheld results will be published only after the final decision on the reported Malpractice case.
- c) **Provision to appeal:** A student shall appeal within 10 days, after the decision on the malpractice finalized through the portal. A subcommittee formed under CoE for this purpose will act as the appeal committee. The appeal committee consists of 3/4 members viz. CoE, Dy. CoE, Convener-Students' Grievance Cell on Examinations.

d) **Disposal/Return of Evidences:** All the evidence related to reported Malpractice cases should be kept for 3 years stored in Autonomous Examination cell under the custody of CoE. Seized electronic materials should be returned after 14 days.

4.16 Handling Technical Issues

It is quite possible that due to unforeseen incidents, sometimes the printing of question papers may be delayed. In such cases, the Dy. CoE should contact the CoE and ask for remedial action.

In case of a delay in printing, candidates should be asked to enter the hall at the designated time and complete the verification. If the printing and distribution are delayed by 'x' minutes, the CoE can extend the exam by 'x' minutes. However, the candidates should be admitted to the hall as per the original timings and grace periods should be given. The bells should be sounded accordingly, and the revised timings should be announced in all Examination halls. The CoE should report such incidents to the observer.

4.17 Bundling of Written Answer Booklets

The Dy. CoE shall make sure that the written answer papers are packed properly immediately after the examination. The bundles shall be delivered to the Controller of Examinations' office on or before the closure of next working day. The bundles should have the following details: -

- Serial number
- Title of the paper / course / scheme
- Name of Examination
- Date of examination
- Number of answer books in the bundle
- Bundle number

The details of the bundles received in the Controller of Examinations' office shall be noted in a register with the date of receipt.

4.18 Answer Booklets

- a) All the unused answer booklets should be returned to the Controller of Examinations and kept under the confidential custody of the Controller of Examinations.
- b) The AEC shall enter the details of the number of answer books 'received', 'used', 'defective' and 'balance', in the stock register every day after the exams are over.
- c) The Dy. CoE should retain the remaining unused answer booklets in his custody after the examinations are over. An entry, to this effect, is made in the stock register of the answer books and the same may be used in the upcoming examinations.

4.19 Conduct of End Semester Lab Examinations

- a) End Semester Lab Examinations (ESLE) will be conducted after the last working day of the semester (as per the directions given by the Controller of Examinations).
- b) The responsibility for the conduct of End Semester Lab Examinations lies with the respective Head of Department and with the supervision of CoE.
- c) End Semester Lab Examinations will be conducted by the faculty concerned and a senior faculty member as examiner. The Controller of Examinations will approve the names of lab examiners to conduct End Semester Lab Examinations duly recommended by Head of Department.
- d) If any external examiner is appointed, he can be from any AICTE / UGC approved institution and having a minimum of 3 years of teaching experience before the conduct of the examination.
- e) Based on the count of the students appearing for the lab examinations, the required stationery is to be procured by the department from the Dy. CoE.
- f) The concerned Head of Department should prepare the lab examination schedule and forward the same to the Controller of Examinations.
- g) The internal examiner shall enter the marks in the examination portal.
- h) Supplementary lab examinations will be conducted as per academic regulations.

4.20 Appointment of Squad, Duties & Responsibilities of Squad

- a) The Principal shall appoint squad from among the senior faculty members of the college, according to the need to ensure proper conduct of examinations and to curb malpractice at the examination.
- b) Each team may consist of not more than three members (at least one lady faculty) of whom one shall be designated as the head of the squad.
- c) The squad team shall conduct themselves with the utmost caution, courtesy, and respect, without causing any kind of commotion which shall disturb the students attending the examination.
- d) The squad shall provide their identity and inform the invigilator about the purpose of their visit to the examination hall.
- e) They shall initiate action to curb malpractice like copying, possession of incriminatory materials related to the examinations.
- f) Report the cases of malpractice detected to the CoE immediately. The squad shall make use of the required stationary/formats placed at the examination control room for the said purpose.
- g) The squad shall report any instances of malpractice to the CoE.
- h) The head of the squad team shall record their findings, including satisfactory or otherwise remarks in the squad book placed at the Controller of Examinations office. Each member of the squad

shall affix their signature in the register placed at the control room in each session of the examination.

- i) The squad members shall not make any statements or loose comments in public about their findings.
- j) The squad shall seek any clarifications/guidance and /or assistance from the Chief Superintendent whenever needed.

4.24 Postponement of Examinations Under Emergency Circumstances

Normally the scheduled examinations dates shall not be postponed. If the date of an examination date is to be changed due to unavoidable reasons, the decision will be taken by the standing committee chaired by the Principal approved by the GB. The standing committee shall be constituted and chaired by the principal and contain the CoE, Dy. CoE, academic coordinator, member secretary, one member from GB, two members from AC and the IQAC coordinator.

5. VALUATION OF ANSWER SCRIPTS

5.1 Valuation Procedure of Examinations

The Controller of Examinations shall constitute a Board of Examiners, for each examination. All examiners appointed to value the answer books relating to the examinations coming under the board will be the members of the board. All examiners shall be required to attend meetings, if any, convened by the Controller of Examinations.

The valuation of answer scripts of the theory examinations will start immediately after the examination and shall be either in centralized valuation camps or online valuation and there shall be first valuation and chief valuation for UG courses and double valuation for PG courses. Both valuations must be based on the scheme of valuation prepared by the question paper setter and approved by the board of scrutiny of the concerned examination.

UG valuation procedure

For double evaluation, the final mark is taken as the average of the above two marks. Any decimal in this case shall be rounded off to the next higher integer. If the variation in marks exceeds 15% of the maximum marks of the examination, third evaluation will be conducted. The average of the closest two marks shall be considered. However, if the deviation is same the average of the highest two marks shall be awarded. There will be no further valuation.

The valued answer papers of all End Semester Examinations of UG and PG will be preserved for a period of three years by the Controller of Examinations after the announcement of the respective semester results.

The major activities involved during this phase include the collection and verification of answer scripts, distribution of answer scripts to the examiners, valuation of answer scripts by various levels of examiners, providing necessary instructions and monitoring the valuation process, tabulation of the marks, and returning the valued answer scripts to AEC for revaluation purposes. All the activities of this phase will be under the direct control of Dy. COE.

Faculty members who taught the course in a semester shall act as an evaluator / examiner in Valuation camps. In case of absence of examiners, Head of the Institution / Principal shall depute a competent faculty to the Valuation camp for the evaluation of answer scripts in Valuation camp. In case of

supplementary Examinations and Examinations of old schemes of various programs, faculty members taught the course in any previous semesters can act as examiners.

Under the online valuation system, answer scripts would be scanned and uploaded to a server. The encrypted answer scripts are distributed electronically, enabling examiners to mark onscreen, and include comments and annotations as they would in traditional marking. The question paper and scheme of valuation would be scanned and made available on-screen during valuation.

5.2 Valuation Camp

The college will have a Valuation Camp for all the programs offered in the college. Dy. CoE, preferably a senior professor of the college appointed by the CoE on recommendation by the Principal, will be the responsible person for the Valuation Camp. He/she is responsible for arranging all facilities for the Valuation Camp in consultation with the CoE. The Dy. CoE shall oversee and monitor the Valuation in his/her center.

5.3 Camp Officials

The smooth and fair conduct of the Valuation Camp is the prime responsibility of all Camp officials appointed for the Valuation Camp. The details of the responsibilities of Camp officials are explained in the following section.

5.3.1 Controller of Examinations (CoE)

The CoE is responsible for the smooth and fair conduct of the Camp. The duties and responsibilities are given below.

- a) Provide infrastructure and support for the conduct of centralized Valuation camp.
- b) Monitor progress of Valuation and revaluation in the camp.
- c) In charge of all registers and files maintained in Valuation camp.
- d) Forward all Valuation/revaluation related communications (email/messages) from CoE to all concerned faculty members in time.
- e) Custodian of all materials/equipment in the Valuation camp.

5.3.2 Dy. CoE

The Dy.CoE will be responsible for the smooth conduct of all valuation at the college and it will be his/her duty to do all the preparatory works related to the conduct of Valuation camp, the Valuation

of the answer scripts and all other contingent matters connected with the Valuation camp. A Camp Officer will be a senior Professor of the College/Institution posted by the Controller of Examination on the recommendation of the Principal of the College/Institution. The Camp Officer shall constitute a panel of examiners from the college from different branches of study. All members of the panel of examiners will be responsible for the timely completion of Valuation.

The duties and responsibilities are given below

- a) Ensure all necessary infrastructure (Space, furniture, equipment etc.) for the conduct of the centralized valuation camp.
- b) Assist CoE to propose Assistant Camp Officer and Camp staff for the smooth conduct of the Valuation camp.
- c) Constitute “Panel of examiners” by including examiners appointed for valuing the answer scripts of a particular examination.
- d) Receive answer scripts at the Camp, inspect and ensure the correctness in terms of packet code, count etc., with the help of the Camp staff, report any mismatches through the portal/mail to the CoE.
- e) Depute faculty members for Valuation and revaluation as per Valuation schedule.
- f) Substitute suitable faculty members of the same stream/branch or discipline for Valuation / revaluation in the absence of a course mapped faculty member/examiner posted.
- g) Convene meeting of faculty members to ensure the quality of Valuation and cooperation and participation of all faculty members in the Valuation process and to complete Valuation as per schedule.
- h) Hand over the correct scheme, answer key and Question Paper to examiners (in the absence of the chairperson) or ensure the correctness of the same when they are brought to Valuation Camp by faculty members when downloaded through their own login.
- i) Convene the meeting of Chief examiner(s) and additional examiner(s) on the very first day of commencement of Valuation of a particular course (in the absence of Chairperson).
- j) Manage absence of examiners (call/mail/report to Principal) with the help of Chairperson.
- k) Monitor the activities of Camp assistants/Camp clerk in Valuation Camp and ensure the correctness in discharging their Duties and report the issues (if any) to the Principal.
- l) Receive reports from examiners on suspected cases of Malpractice (copying/exact copy from textbooks /inappropriate words in answer scripts /barcode tampering/different handwriting,

revealing identity, missing answer book pages etc.), forward to CoE, and follow the procedure as per the instructions from the examination manual.

- m) Ensure sufficient space (halls, classrooms etc.) for examiners in Valuation Camp to conduct the Valuation in a peaceful ambience.
- n) Ensure sufficient space within camp to store answer scripts of a different category (like not prepared/prepared not distributed/distributed and returned after first Valuation/returned after second Valuation/return marked etc.) in a segregated manner to manage them efficiently etc.
- o) Ensure availability of sufficient number of computers, barcode readers to enter the marks for examiners and for camp staff to manage packets.
- p) Ensure that registers used in Valuation camps (stock register, inward register, dispatch register, issue register or any other relevant registers) are maintained in the correct format and are updated in time.
- q) Timely updation of files maintained in the Camp that includes documents like: posting order produced by examiners, copies of Question Paper, scheme and answer key after use (to be used later for revaluation), copies of duty certificates issued etc.

5.3.3 Camp Assistant

The Camp assistant will be appointed by the college Principal where the Camp as per the directions from the CoE. The Duties and responsibilities of the Camp assistant are listed below:

- a) Prepare the packets in the portal and ensure that all the Answer Scripts in a packet are of the same course.
- b) Distribute Answer Scripts to examiners, update issue register at the time of distribution, collect the signature of the examiner, enter distribution status in the portal, update issue register at the time of receiving Answer Scripts/packets, cross verify the count of Answer Scripts and put signature in the register, enter packet reception in the portal and prepare “Box” in the portal.
- c) Store Answer Scripts of different categories (Answer Scripts of different categories like: not prepared/prepared not distributed/distributed and returned after first Valuation/returned after second Valuation/returned marked etc.) In a segregated manner to manage them efficiently.
- d) Assist Camp Officer and Assistant Camp Officer in updating the files maintained in Camp.
- e) Assist Camp Officer and Assistant Camp Officer to update the stock registers.
- f) Scan the Answer Scripts (against requests received after result declaration) and handover to Camp Officer for uploading.

- g) Identify revaluation requested Answer Scripts against requests received after the declaration of results, scan the barcodes of Answer Scripts in the portal, generate packet codes, remove first Valuation tabula on sheet and pack Answer Scripts to be moved for revaluation process.
- h) Any other Duties connected to the Valuation process, as entrusted by the Camp Officer

5.3.4 Camp Clerk

The Camp clerk will be appointed by the Principal. The Duties and responsibilities of the Camp clerk are given below:

- a) Assist Camp Officer and Assistant Camp Officer in setting up of Camp in the beginning of a Valuation session.
- b) Take over the charge of Camp assistant in case of absence as per the direction of Camp Officer/Assistant Camp Officer.
- c) Assist Camp Officer and Assistant Camp Officer in updating the files maintained in the Camp.
- d) Assist Camp Officer and assistant Camp Officer in updating the stock register.
- e) Any other Duties connected to the Valuation process, as entrusted by the Camp Officer.

5.4 Chairperson

The Camp Officer shall nominate a senior faculty member as the Chairperson of the board of Valuation for each course or a group of courses/common courses, of each semester for all branches. For the first-year courses, there shall be one Chairperson for each course. In case of common courses in higher semesters, there shall be one Chairperson for each course. In case of supplementary Examinations, there shall be one Chairperson only for all courses of a semester. The Chairperson should appoint Chief examiner(s) and additional examiner(s) for each course. The Chief examiner should be a senior faculty member who has handled that course and additional examiner(s) should have a minimum two years of teaching experience in that course. The Chairperson should give guidelines to the Chief examiners/ second examiners regarding valuation and monitor the progress of valuation. He/she shall recommend alternative examiners in case the appointed examiner does not turn up for duty. The Chairperson has the right to select the appropriate Valuation system i.e. either the first examiner and second examiner system or Chief and additional examiner system, for the smooth conduct of the Valuation of answer scripts.

5.4.1 Duties and Responsibilities of the Chairperson

- a) Assign Chief examiner(s)/second examiner(s) and additional examiner(s)/first examiner(s) for each course in consultation with the Camp Officer.
- b) Coordinate preparatory meetings of Chief examiner(s)/second examiner(s) and additional examiner(s)/first examiner(s) prior to the commencement of Valuation of a particular course and convey the importance of maintaining quality and consistency of Valuation. Meeting of Chief and additional examiners shall be conducted in offline/online mode.
- c) Ensure that the minutes of the preparatory meeting and its proof have been sent by the Chief examiner(s) to the mail ID of the camp officer immediately after the meeting.
- d) Ensure that the Chief/second examiner(s) and additional examiner(s)/first examiner(s) have discussed the scheme of Valuation and answer key, provided by the Question Paper setter, in a common sitting before the first day of Valuation of the course.
- e) Communicate any error or correction suggested/reported by the Chief examiner to the Chairperson of the Scrutiny Board and the correction should be uniformly informed to all the Camps simultaneously by the Chairperson of the Scrutiny Board. No change in answer key/scheme will be allowed after the first day of Valuation. It is the pertinent responsibility of the chairman, Scrutiny Board to ensure that the Valuation of a course takes place with a single scheme/answer key throughout all the Valuation Camps in the state.
- f) Ensure that the Valuation of all courses in his/her discipline in the Camp is going on as per Valuation schedule.
- g) Report the absence of any faculty member in his/her discipline in the Camp to the CoE.
- h) Report the absence of faculty members to the Camp Officer so that Camp Officer can consolidate information received from all Chairpersons and report/send the details to the Principal.

Receive reports from examiners on suspected cases of Malpractice (similar answers in multiple Answer Scripts/exact copy from textbooks/inappropriate words in Answer Scripts /barcode tampering/different handwriting, revealing identity, missing answer book pages etc.) and forward the same to the Camp Officer.

5.6 Additional Examiner

The Dy. CoE shall appoint additional examiners for each Course who shall be a mapped faculty member to that course during the current semester or previous semesters. The additional examiner for a course shall be a faculty member who taught the course in the current semester or previous semesters. In the absence of an additional examiner or Chief examiner from a department, CoE shall

depute a competent faculty member from the same or relevant department as a Substitute. Additional examiners shall start Valuation only after receiving the approved key and scheme for the course. The Valuation must be done with utmost care and secrecy. Minor mistakes from the side of candidates such as the omission of question number or incorrect question number may be overlooked judiciously. Any negligence or lack of seriousness on the part of the examiner will be viewed seriously and appropriate action, including fine will be imposed on the examiner.

5.6.1 Duties and Responsibilities of the Additional Examiners

- a) Discuss the answer key and scheme of Valuation with the Chief examiner and other additional examiners before the commencement of Valuation. Additional examiner should not start Valuation without discussion of answer key and scheme of Valuation with the Chief examiner (except for answer scripts for which single Valuation is allowed)
- b) Report any error or discrepancy of answer key or scheme of Valuation to the Chief examiner on the first day of Valuation itself.
- c) Write packet code and packet serial number on all Answer Scripts received in specified space.
- d) Conduct the Valuation with utmost care and secrecy. It must be done according to the guidelines given by the Chief examiner and as per the answer key and scheme of Valuation such that it will not vary on Valuation by another examiner.
- e) Award marks to all attended questions, even if it is zero. No answer should be left unvalued.
- f) Ensure that there is no error in addition and marks for redundant questions are excluded.
- g) Enter marks only in the specified space provided in the front sheet of the answer book. No marking, crossing and writing are permitted in the answer book in any space other than the space for entering marks by examiners.
- h) Round off the grand total of the marks to the next higher whole number in case the decimal portion is equal to or greater than 0.5 and to the nearest lower whole number if the decimal portion is less than 0.50 (Eg.25.50 shall be rounded off to 26 and 25.25 shall be rounded off to 25.00). No rounding of marks shall be permitted for subtotals if any in the score sheet.
- i) Report any type of Malpractice or copying of answers identified during Valuation to the Dy. CoE.
- j) Conduct the scrutiny of marks meticulously.
- k) Enter all the marks into the e-portal with utmost care and secrecy.
- l) Cross-check thoroughly before submitting final marks in the e-portal.

5.7 Chief Examiner

The Camp Officer shall appoint a senior faculty member as the Chief examiner for each course who shall be a mapped faculty member to that course during the current semester or previous semesters. There may be more than one Chief examiner for a course depending on the number of answer scripts to be valued.

The Chief examiner shall sit together with the additional examiners and discuss the answer key and scheme of Valuation on the first day of Valuation, before starting the Valuation. If the number of answer scripts is large and sufficient additional examiners are available in the Camp, there may be more than one Chief examiner for a course in a Camp. In such a case, all Chief examiners and additional examiners assigned to a course shall sit together and discuss the answer key and scheme of Valuation.

They shall start valuation only after receiving approved scheme for the course. The valuation must be done with utmost care and secrecy. It must be done according to the guidelines given by the CoE and as per the scheme given. No answer should be left unvalued. Minor mistakes from the side of students such as omission of question number or incorrect question number may be overlooked judiciously. Any negligence or lack of seriousness from the part of examiner will be viewed seriously and appropriate punishment including fine will be imposed on the examiner. The number of Answer books to be valued:

Program	Day 1	Day 2 onwards
UG	15	25
PG	10	20

5.6.1 Duties and Responsibilities of the Chief Examiner

- Report any error in the answer key or scheme of Valuation to the Dy. CoE.
- Inspect rigorously, all the answer scripts valued by additional examiners on the first day of Valuation, for any deviation from the scheme of Valuation, variation in marks, inconsistency if any, incompleteness, error in awarding marks, error in addition etc. and give feedback to additional examiners.
- Revalue a minimum of 20% of answer scripts selected at random, valued by each additional examiner and enter the marks in the portal. Revalue all answer scripts with marks awarded between 30 and 40 % for the B. Tech.
- Scrutinize all the valued answer scripts to ensure that:

- Marks are awarded to all the answered questions, even if the mark is zero.
 - Addition of marks are correct.
 - Marks for redundant questions are not counted, if choice (either or) Questions are also answered by the candidate.
- e) Approve and forward marks awarded by the additional examiners after making corrections, if any.
- f) Report any Malpractice or copying of answers identified during Valuation to the Dy. CoE.

5.7 Keeping of Valued Answer Booklets

The answer scripts after valuation are to be bundled, properly recorded and kept in safe custody for easy retrieval at the designated storage place for three years from the date of publication of results.

5.8 Double Valuation of Answer Books

- a) In the case of the answer books having double valuation, marking shall be done only on the facing sheet / separate sheet provided.
- b) For double evaluation, the first valuation shall be carried out by the internal examiner and the second by the external examiner. The final mark is taken as the average of the above two marks. Any decimal in this case shall be rounded off to the next higher digit.
- c) If the variation in marks exceeds 25%, it shall be sent to a senior internal/external examiner for a third evaluation. In such cases the final mark will be calculated as the average of the third valuation mark and the one nearest to it from the two earlier evaluations.
- d) In case the third evaluation score is equidistant between the first two evaluations, the third valuation mark will be retained as the final mark. There will be no further revaluation.

5.9 Revaluation & Transparency

There will be no provision for revaluation of answer scripts of examinations as they are valued by two different examiners as in the case of M.Tech valuation. However, the students can view the valued answer script by applying for review of answer script by remitting the requisite fee.

5.9.1 Mistake Apparent on the Face of Record

The mistakes on the face of record during valuation process are:

- a) Any answer(s) not valued

b) Counting mistake

In such case the paper will be scrutinized by an expert nominated by the Controller of Examinations and the corrections if any will be incorporated without any additional fee. The fee paid will be refunded if the pointed mistake is found correct.

5.10 Conducting Pass Board Meeting & Awarding Moderation

5.10.1 Conduct of Pass Board Meeting

The procedure for conducting the Pass Board meeting is given below:

- a) Pass Board meetings in respect of each program shall be convened for finalizing the results of Examinations.
- b) Meetings shall be convened once the Valuation is completed.
- c) There will be a Pass Board for Examinations of each semester of a program. E.g. There will be different Pass Boards for Sixth Semester Examinations and Eighth Semester Examinations of B.Tech. The Structure of Pass Board will be as follows:
 - 1) Chairperson – HoD of the concerned department
 - 2) Vice Principal
 - 3) Subject expert
 - 4) Convener- Senior faculty
- d) Usually, the venue of the Pass Board meeting will be the Confidential.
- e) The norms of awarding moderation are detailed in the next sec on.
- f) Minutes of the meeting shall be recorded in the prescribed format and the minutes duly filled and signed by the members of the pass board shall be submitted to the CoE for approval.
- g) The minutes of the Pass Board shall be put up for the approval of the Controller of Examination. The modifications approved by the CoE shall be incorporated in the tabulated results.
- h) The members of the pass board shall take utmost care to keep the confidentiality of result projection, minutes of meeting and other proceedings of the meeting.

5.10.2 Norms for Awarding Moderations in Final Examinations

- a) Moderation of marks is a process to assess and refine the evaluation scheme of courses and formulate a common understanding of expected standards and outcomes in each program offered by the Institution. It is expected to align the awarded marks/grades well with the expected standards of all the courses in the program of study to ensure greater consistency in the process

of evaluation. Moderation is thus a process/procedure adopted by the college to ensure that the outcome of an evaluation, entrusted by the college, is reasonable, legitimate, and consistent. College needs to make sure that there is greater level of consistency in the criteria of evaluation, and that the differences, if any, could be examined and addressed well before finalizing the marks/grades of students.

- b) Moderation of marks is in no way, a legitimate right of students.
- c) Moderation of marks shall be awarded to students, based on the recommendations of the respective Pass Board appointed by the AEC for the purpose, course to the approval of the statutory officer(s) concerned.
- d) To recommend Moderation of marks and distribution of Moderation, the CoE shall present detailed statistics of marks with all relevant information to the respective Passing Board. Details such as additional number of students who would secure pass on awarding Moderation ranging from 0 to 10% of the total maximum marks of the end-semester Examinations of all the theory courses, and the modified semester pass percentage shall be provided to the Pass Board.
- e) Based on the feedback from additional examiners and Chief Examiners, the Chairperson of Examinations may forward complaints, if any, related with question papers to the CoE. Faculty members also can submit complaints, if any, related with question papers to the CoE, with specific remarks, through the Head of the Institution. The CoE shall present all such complaints to the Passing Board. The Passing Board is authorized to decide upon any considerations to be given based on the complaints.
- f) Moderation shall be awarded to enable a student just to secure a pass in theory courses/courses registered by him. The total marks recommended by the Pass Board shall be distributed among all the theory courses registered by the student, for enabling the student to pass all the registered theory courses. In case a student got FE grade for any course in a semester, he will not be eligible for Moderation in the semester. There will be no Moderation of marks for B. Tech Hons., B.Tech. Minor, Contact course exam and Ph.D course work.
- g) In case the student does not pass all the registered theory courses; after distributing the total Moderation among the registered theory courses, no Moderation shall be given to any course. It means, Moderation of marks can be given only if the student clears all his failed registered theory courses in the semester.
- h) For students who are eligible for grace marks under arts/sports category, Moderation of marks will be applied after awarding the grace marks.

- i) If a student has applied for revaluation or review and his/her marks get modified by revaluation/review, the process of awarding Moderation will be applied afresh to the student, for the semester.
- j) Limits of Moderation of marks will be as follows:
 - Moderation can be awarded to students, course to a maximum of 20% of the total maximum marks of the End Semester Examinations of all the theory courses registered by the student in the semester.
 - For a course, the maximum Moderation that can be awarded shall be limited to 10% of the maximum marks of End Semester Examination of the course.
 - If a student fails in a single theory course in the semester and passes all the other courses including practical courses of the semester, the limit of Moderation can be enhanced to 15% of the total marks of the End Semester Examination of the course concerned. This clause is applicable only if the student has registered for all the theory courses; the clause is not applicable to supplementary Examinations.
- k) All details pertaining to Moderation shall be treated as strictly confidential.
- l) The CoE shall have the right to approve the recommendations of the Pass Board. In case of any disagreement, the CoE shall refer the matter to the Academic Council for a review or advice.

The results will be published on the College portal. The students can login to the web portal and download his/her grade card.

6. PUBLICATION OF RESULTS

6.1 Tabulation Register

The whole process of calculating the final marks shall be automated using software support system. Raw results shall be printed department wise for analysis by the Pass Board. Score sheet should be printed in the Controller of Examinations' office only. The officer in charge should check all entries; grace marks if any awarded classification of results and put his signature on all pages of the tabulation register.

6.2 Publication of Results

The internal marks and attendance shortage are to be uploaded in the Software portal by the respective department as per the academic calendar published. The internal mark uploaded by the college Principal(s) and the end semester/trimester Examination mark uploaded by the examiners will be added to arrive at the total marks secured by a candidate for each course. The grades and grade points of a course will be allotted based on this total marks as per the ordinance/regulation for the program.

The final approved result of regular examination of the concerned semester shall be published within 2 weeks of the last examination day. The results approved by the Pass Board shall be posted in the portal. Computerized grade cards shall be prepared semester wise after the completion of each semester. The grade card will be available in the student's login. The students can download it and use as and when needed.

If any student is found ineligible to write examination or having any case of pending disciplinary action or any case of reported malpractice at any time, the result of such students will be withheld until the reported case decision published.

6.3 Issue of Consolidated Statement of Mark / Grade

All students who have appeared for an examination conducted by the college shall be issued a consolidated statement of mark / grades after the successful completion of the program.

6.4 Answer Script Copy Request / Scrutiny

After publication of the results, candidates can apply for Answer Script copy and revaluation, by registering on the portal by paying the prescribed fee. Candidates can submit their requests through Student login and can make payment through payment gateway in online mode. Late requests for answer script copy or revaluation received within 1 month after the last date will be accepted after a payment of superfine by the student. Fine will be exempted, if the delay was due to technical issues in the portal.

6.4.1 Scrutiny of Answer Scripts

Students who obtained a copy of their answer book through the portal after registering and paying the necessary fee through the portal for a copy of the answer book can do scrutiny of their answer book with the help of faculty members. After scrutiny, complaints having following nature will only be considered for necessary action:

- (i) If certain answers are not valued by the examiner(s)
- (ii) If there is an adding mistake in tabulation sheet
- (iii) Mistake in mark entry in portal (a higher mark written on answer book, but a lower mark is entered in portal)

Complaints on these matters recommended by faculty members of the student's College can be sent to the office of the CoE. In all the three cases mentioned above, the CoE will contact the examiner who made a mistake in Valuation and will direct the examiner for an error free evaluation and to send a revised mark / tabulation sheet to the CoE. If there is a revision in mark, the CoE will make necessary corrections in the mark awarded to students and the result will be republished.

If a student is not satisfied with the low mark awarded by an examiner for any question, it cannot be revised. In such cases, students who are not satisfied with their marks can apply for revaluation.

6.5 Revaluation of Answer Scripts

- a) Revaluation is applicable only for theory courses and not for other Examinations such as Practical/Seminar/Thesis/Dissertation etc. A candidate, who is not satisfied with the marks obtained, may apply for revaluation of answer-script of the specific course, course to the following conditions:
 - The application for revaluation shall be submitted through the students' portal in the prescribed form.
 - The application shall be submitted within the time prescribed in the notification publishing the result of the course.
 - The application fee will be refunded in full if the marks obtained after revaluation is more than 25% of the maximum end semester marks for the course and the fee forfeited in case the marks obtained after revaluation is equal to or less than 25% of the maximum end semester marks.
- b) Revaluation shall be done by a mapped faculty in the course notified in the portal. The mapped faculty allotted for revaluation shall be known as 'the revaluer'. In case the answer-script has to be again valued for reasons contained in the Regulations, another mapped faculty other than the

1st examiner, Chief examiner or revaluer of the answer script shall again value the answer script. Such mapped faculty shall be known as 2nd revaluer.

c) Manner of arriving at final marks after revaluation is as follows: -

- i. Where the marks awarded by the revaluer after revaluation is higher by 15% or less of the maximum end semester marks, the average of the marks obtained in the 1st Valuation and revaluation shall be the final marks after revaluation.
- ii. Where the difference in marks awarded by the revaluer after revaluation and the marks obtained in the first Valuation is more than 25% of the maximum end semester marks, the answer script shall be valued again by a second revaluer. If the difference in marks awarded by the revaluer and in the original Valuation is more than 25% of the maximum marks. In such situations where answer-scripts are valued by a second revaluer, the final marks after revaluation shall be arrived at in the following manner:

- Assume that the first Valuation mark is 10, revaluation mark is 26, and 2nd revaluation mark is 20. In such a case the average of the marks between which the difference is lesser would be the final marks after revaluation. In this case, the marks having lesser difference are 20 & 26. Therefore, the final marks after revaluation will be the average of 20 & 26, which will be 23.
- Assume that the first Valuation mark is 10, revaluation mark is 30, and 2nd revaluation mark is 20. Since, the difference between any two of the marks is the same i.e. 10, the final marks after revaluation will be the average of the two higher marks. In this case, 30 & 20 are higher than 10. Therefore, the final marks after revaluation will be the average of 30 & 20, which will be 25.

- iii Where the mark obtained in the 1st Valuation is higher than the marks arrived at in the revaluation then the marks obtained in the 1st Valuation would be the final marks after revaluation.
- iv Where the marks arrived at after revaluation is higher than the marks obtained in the 1st Valuation, then the final marks arrived at in the revaluation would be the final marks after revaluation.

d) The Controller of Examination shall examine such cases where there is variation of marks above 25% among first Valuation and subsequent revaluations and conduct proper enquiry to see whether any of the examiners are inadvertently responsible for negligent Valuation of answer-scripts, and recommend the same for suitable action.

6.6 Review of Answer Scripts

Answer-scripts of various courses of undergraduate/postgraduate/doctoral programs, for which Examinations have been conducted by the College, can be reviewed as per request by the student concerned who wrote the respective Examination. Review applies for improvement of marks and improvement of grade.

6.6.1 Conditions for Applying Review of Answer Scripts

- a) The application for review shall be submitted through the students' portal in the prescribed format provided in the portal.
- b) The application shall contain a copy of the answer script, with recommendation of the faculty of the department under which the course is dealt with.
- c) Application for review for UG program should be submitted within 10 days after the date of publishing revaluation results if the student already holds copy of the answer-script obtained through portal, or within 10 days after obtaining copy of the answer-script after revaluation. A student applying for copy of answer script through portal after revaluation should apply for the same within 10 days of publishing the revaluation result. In the case of PG and Ph.D. programs, students who wish to apply for review shall make an application for review within 10 days after obtaining the scanned copy of the answer-script through portal.
- d) The application for copy of answer script shall be in the prescribed format and after remitting the prescribed fee provided in the students' portal.
- e) 60% of the application fee shall be refunded in case there is change of grade in the course after review and fee forfeited in case there is no change in grade in the course after review.

6.6.2 Procedure to apply for Review

Review shall be done by a mapped faculty appointed by the Controller of Examinations. The mapped faculty allotted for review shall be known as 'the reviewer.' The reviewer shall be a mapped faculty other than the 1st examiner, Chief examiner or revaluer or 2nd revaluer. In case there is no faculty in a particular course having more than 5 years teaching experience in the course, the Controller of Examinations may appoint any other faculty in the course having less than 5 years teaching experience with the approval of the Principal.

6.6.3 Manner of arriving at final marks after review

- a) For UG programs, where the marks obtained in the 1st Valuation, arrived at after revaluation and obtained after review are different, the average of the marks with lesser difference shall be the marks arrived at after review.
- Assume that the first Valuation mark is 10, marks arrived after revaluation mark is 26, and review mark is 20. In such a case the average of the marks of which the difference is lesser would be the final marks after review. In this case, the marks having lesser difference are 20 & 26. Therefore, the final marks after review will be the average of 20 & 26, which will be 23.
 - Assume that the first Valuation mark is 10, marks arrived after revaluation mark is 30, and review mark is 20. Since, the difference between any two of the marks is the same i.e. 10, the final marks after review will be the average of the two higher marks. In this case, 30 & 20 are higher than 10. Therefore, the final marks after review will be the average of 30 & 20, which will be 25.
 - For PG programs, there is no revaluation. Instead, there is first, second and third (if applicable) Valuations. Further, there is a defined procedure to obtain the final mark as per Regulations. This mark may be denoted as the Regular mark of the student in the course. Hence the final mark after Review, will be the average of the Regular mark and the Review mark. Same procedure is applicable for PhD programs too.
- b) Where the marks obtained in the 1st Valuation or marks arrived after revaluation is higher than the marks arrived after review then the higher marks obtained in the 1st Valuation or marks arrived after revaluation whichever is higher, would be the final marks after review.
- c) The result after review shall be final and no appeal shall be entertained thereafter.
- d) Late requests for review received within 2 months after the last date will be accepted after a payment of superfine which will be non-refundable even if grade is changed.

6.7 Supplementary Examinations

Students shall write the supplementary examinations conducted by the college. Outgoing 4-year program students can appear for the special supplementary examination conducted after the publication of the final semester results, if they have a maximum of 3 papers to complete the degree. Outgoing 2-year program students can appear for the special supplementary examination conducted

after the publication of the final semester results, if they have a maximum of 2 papers to complete the degree.

VII. MISCELLANEOUS

7.1 Condonation of Shortage of Attendance

- a) A student can seek Condonation of shortage of attendance only once in a 2 year programme and twice in other programs of longer duration.
- b) Every student is expected to attain 100% of attendance. But considering the facts a students should have a minimum of 75% attendance of the total duration of the course.
- c) A student having 15% shortage of attendance can apply for Condonation of shortage in prescribed form on genuine grounds. Condonation of shortage of attendance if any should be obtained at least 5 days before the commencement of the concerned semester examination.
- d) It shall be the discretion of the Principal to consider such applications and condone the shortage on the merit of each case in consultation with Head of Department.
- e) Unless the shortage of attendance is condoned, a student is not eligible to appear for the ESE.

7.2 Register of students

The Controller of Examinations office maintains a register of students in respect of all examinations. The register shall contain the following details like register number, name of the student should be as per the 10th certificate, date of birth, degree of study, programme of study, year of admission, religion, community and reservation category if any, fee remittance, particulars of examination taken, results, remarks if any, etc.

7.3 Important Registers to be Maintained in the CoE's Office

- a) Inward Registers
- b) Dispatch registers
- c) Minutes book of board meetings.
- d) All Registers related to the planning, question paper setting and conduct of examination.
- e) Register related to valuation of answer scripts
- f) Mark /Tabulation registers
- g) Semester Mark Score sheets
- h) Other registers specifically directed to be maintained in CE's office.

7.4 Preservation of Documents

The office of the Controller of Examinations shall preserve the following documents for the specific period here in after provided. The other documents and register shall be preserved for such time as may be directed by the Controller of Examinations from time to time.

Sl. No	Name of Document	Period of Preservation
1	Tabulation Register	Permanent
2	Minutes Book of Board Meetings	Permanent
3	Register related to valuation of Answer-papers	Five Years
4	Register of Malpractices	Five Years
5	Calendar of Examinations	Ten Years
6	Revaluation Register	Ten Years
7	Counter foils of answer books if any	Two Years
8	Applications of Examinations (consolidated)	Two years
9	Mark sheet received from Examiners	Two Years
10	Scanned copy of answer sheet (if an)	Ten years

- All registers shall have their pages numbered serially and certified
- Any corrections in entries in a register, overwriting, rubbing or use of correction fluid shall not be resorted to. If any such correction becomes necessary, it may be effected by scoring off the original entry with a single line and making the correct entry above the scored off entry with attestation of the person who makes the correction.

7.5 Near Relative

Father, mother, son, daughter, son-in-law, daughter-in-law, grandson, granddaughter, grandson-in-law, granddaughter-in-law, sister-in-law, brother-in-law, nephew, niece, brother, sister, uncle, aunt, wife, husband and such ones as may be indicated by the Institution from me to me, are regarded as near relations for the purposes of the Examination manual.

7.6 Granting Extra Time

All The candidates with benchmark disability not availing the facility of scribe may be allowed additional me of minimum of one hour for Examination of 3 hours (20 minutes per hour) duration. The CoE on the recommendations of a government medical officer not below the rank of a Civil

Surgeon and the Chief /Deputy Superintendent has the power to grant extra me to differently-abled candidates for writing the Examinations. In case the duration of the Examination is less than an hour, then the duration of additional me should be allowed on a pro-rata basis. Additional time should not be less than 5minutesandshouldbeinthe multiple of 5.

7.6 Use of Scribes

The Controller of Examinations has the power to permit scribes for blind students and a small category among disabled students whose disability incapacitates the student from writing based on the recommendations of a Govt. Medical Officer not below the rank of a civil surgeon and the Principal. Such students shall be seated in a separate room. The maximum number of students belonging to the above categories allowable into an examination hall shall not exceed five. An invigilator shall be allotted to supervise them (Ratio 1:5). To avail the service of scribe, the candidate has to apply in the prescribed format mentioned in ANNEXURE-3, along with the declaration of the scribe(ANNEXURE-4). Completely filled up applications with necessary supporting documents should reach the office of the CoE before seven working days of commencement of Examination. In case of candidates who are eligible to avail the services of scribes, the Principal shall authorize the CoE to nominate scribes according to the following conditions.

- a) The scribe shall not be an employee of the college/center where the Examination is conducted.
- b) The scribe shall not be a relative of the candidate who is appearing for the Examination.
- c) The scribe will not be eligible for any remuneration.
- d) The educational level of the scribe should be lower than those of the candidate. [Preferably a Matriculate or above]. The scribe shall not be a graduate/student in the domain concerned or related domains. (eg: A Diploma/B.Voc holder in any branch of engineering shall not be permitted as a scribe for a B.Tech/M.Tech student).
- e) An application with declaration in the format given in ANNEXURE-4 should be obtained from the scribe.
- f) The duly filled application form signed by the scribe should be forwarded to CoE for approval.

7.7 Notional Registrations

The students who could not apply for registration to the examination before the prescribed last date for examinations for reasons beyond their control may apply for notional registration for continuing their studies in the next higher-class course to the following conditions:

- The student shall have earned the required minimum attendance prescribed for the courses in the semester and completed the entire curriculum requirement.

- They shall apply for notional registration and remit three times of fees prescribed for the examination as the fee for notional registration, in addition to the normal fee prescribed for the examinations.
- The application shall reach the office of the Controller of Examinations before the last date of the examinations.
- The applications in the prescribed format should be countersigned and forwarded by the Head of Department concerned with a recommendation by the Principal

7.8 Confidential Reporting of Marks

The marks secured by a student at the final semester examination of a program to other universities or colleges for purpose of admission to other programs or employment purposes, before the official publication of results will be forwarded on submission of application with the prescribed fee. This facility will be provided to the students who have submitted proper documents for verification by the Controller of Examinations office. The marks shall be communicated to the college / employer concerned with a request to keep the marks confidential till the official publication of results by the college.

7.9 Amendments to Manual

The Academic Council of the college may formulate revisions, amendments or change in regulations/ policies based on the industry / societal needs from time to time.

7.10 Certificates

- a) Degree is issued by APJ Abdul Kalam Technological University, as per the acts and statutes of the University on the submission of the consolidated mark / score cards of the students by the college.
- b) A consolidated mark / score card shall be issued to the candidates after the publication of the results of the final semester examination taken by the candidate.
- c) A Course Completion Certificate with classification shall be issued to students till the provisional certificate is issued.

VIII. CONCLUSION

The examination process at SBCE, Pattoor (Autonomous) is designed to evaluate the students' technical knowledge, problem-solving abilities, and practical skills in their respective fields aligned with UGC, AICTE and KTU rules and regulations. This manual serves as a comprehensive guide to the policies, procedures, and best practices governing the conduct of exams, ensuring fairness, transparency, and academic integrity, which will be updated from time to time. It is essential that all students and faculty, adhere to the outlined guidelines to maintain a productive, ethical, and disciplined academic environment.

The students are encouraged to approach examinations with sincerity, diligence, and a commitment to continuous learning, as these assessments play a critical role in shaping both their academic and professional journeys.

We wish all students the best in their academic endeavors and trust that they will demonstrate the knowledge, innovation, and leadership that define the spirit of our institution.

APPENDIX A

OUTCOME-BASED EDUCATION (OBE) ASSESSMENT FOR ENGINEERING PROGRAMS

Outcome-Based Education (OBE) focuses on the measurable outcomes of student learning, emphasizing what students are expected to know, understand, and be able to do by the end of a course or program. In the context of engineering programs, OBE aligns the curriculum, teaching methodologies, and assessment strategies with clearly defined learning outcomes. This approach ensures that students acquire the necessary skills and knowledge to meet industry standards and contribute effectively to the evolving field of engineering.

Key Elements of OBE in Engineering Programs:

1. **Program Educational Objectives (PEOs):** PEOs define the broad career and professional accomplishments that the program aims to prepare its graduates for, typically within a few years of graduation. These objectives are often designed in consultation with stakeholders such as industry experts, alumni, and academic staff. For example:
 - Apply engineering principles in real-world scenarios.
 - Work effectively in multidisciplinary teams.
 - Lead innovations and contribute to sustainable development in engineering.
2. **Program Outcomes (POs):** POs are specific skills, knowledge, and competencies that students must acquire by the time they graduate. These outcomes provide a clear framework for assessment and are usually aligned with national or international engineering accreditation bodies (like NAAC or NBA). Common POs for engineering programs include:
 - Engineering knowledge: Ability to apply knowledge of mathematics, science, and engineering fundamentals to solve complex engineering problems.
 - Problem analysis: Ability to identify, formulate, and analyze complex engineering problems.
 - Design and development of solutions: Ability to design solutions that meet specified needs considering various constraints.
 - Modern tool usage: Ability to use modern engineering tools and techniques.

- Ethics and sustainability: Understanding of professional ethics, societal responsibilities, and the impact of engineering solutions on the environment and society.
3. **Course Outcomes (COs):** Each course within the engineering program has its own set of specific outcomes that define what a student should be able to achieve by the end of the course. These outcomes are designed to be clear, measurable, and aligned with the program outcomes. For example, a course on "Thermodynamics" might have the following COs:
 - Apply the first and second laws of thermodynamics to engineering systems.
 - Analyze and solve heat transfer problems in various engineering applications.
 4. **Assessment Methods:** OBE relies on diverse, continuous, and comprehensive assessment methods to measure students' progress toward achieving the POs and COs. Common assessment techniques in engineering programs include:
 - **Formative assessments** (quizzes, assignments, projects, presentations) to monitor learning progress.
 - **Summative assessments** (final exams, final projects, laboratory reports) to evaluate overall learning outcomes.
 - **Peer and self-assessments** to encourage reflection and collaborative learning.
 - **Rubrics** to ensure transparency and consistency in evaluating student performance.
 5. **Feedback Mechanisms:** An essential aspect of OBE is the continuous improvement cycle, which includes regular feedback from students, faculty, and industry stakeholders. Feedback helps to evaluate the effectiveness of teaching methods, the relevance of the curriculum, and the achievement of learning outcomes. Based on the feedback, necessary adjustments are made to enhance both teaching and learning.
 6. **Mapping and Documentation:** OBE requires detailed mapping of course outcomes to program outcomes to ensure alignment. This mapping process helps in tracking how well each course contributes to the overall educational objectives of the program. It also ensures that students are achieving the necessary competencies across the entire curriculum.

Benefits of OBE in Engineering Programs:

- **Clarity and Focus:** OBE provides a clear and structured framework for both teaching and learning. By focusing on the expected outcomes, students know exactly what they need to achieve, and instructors can design more effective instructional strategies.

- **Student-Centered Learning:** OBE emphasizes student learning and encourages active engagement with course material. It promotes a shift from traditional teacher-centric methods to more interactive, student-centered approaches.
- **Industry Relevance:** By aligning program outcomes with real-world engineering challenges, OBE ensures that graduates possess the skills and knowledge necessary to succeed in industry. This enhances employability and aligns the program with global standards.
- **Continuous Improvement:** The regular assessment and feedback loops in OBE allow institutions to evaluate and improve the effectiveness of their programs, ensuring that they remain relevant and up-to-date with emerging technologies and industry needs.

Outcome-Based Education Assessment for engineering programs ensures that both teaching and learning are aligned with the desired competencies and outcomes that are critical to the success of students in the professional world. By focusing on measurable student achievements and aligning academic efforts with industry needs, OBE provides a structured pathway for engineering education that enhances the quality of both education and the graduates' abilities to contribute meaningfully to society and the global engineering community.

Examination /student assessments play a very important role in deciding the quality of education. In the OBE framework, the educational outcomes of a program are clearly and unambiguously specified. It determines the curriculum content and its organization, the teaching methods and strategies and the assessment process. This policy has been framed to meet the expectations of an academically challenging environment, develop problem-solving skills by students, aligning with current global standards and to enrich the students' learning to make them self-enablers and/or match job requirements on successful completion of their degree. The performance-based new-age reforms in the Examination will benefit each student for preparing him/ her for success in the knowledge society. This will create proper mapping between program outcomes and assessment tools that lead to the accurate and reliable measurement of attainment of outcomes of the students. The OBE framework is to be implemented in connecting curriculum components to the program outcomes and the Examination questions/assessment tools to the course outcomes of each program.

It is important to adopt reliable assessment methods and tools to ensure the attainment of objectives and program outcomes. The simple recall of memory, though essential in any Examination, won't alone be sufficient for this purpose. There shall be questions that trigger interests in blooming engineers about the design, analysis and application of what they learned in classrooms. In other

words, the assessment process shall test the higher-level skills too viz. ability to apply knowledge, solve complex problems, analyze, synthesize and design. Professional Communication and interpersonal skills are also important for practicing engineers and professionals which must be assessed through apt methods. Hence, the question paper shall be a perfect blend, as far as possible, to encompass this holistic approach of assessing the composite level of knowledge and skills. The approach will be clearer from the detailed view of different levels and key words given below

Level	Descriptor	Level of attainment	Skill Demonstrated	Question Cues/Verbs for tests
1	Remembering	Recalling from the memory of the previously learned material	Ability to recall information like facts, definitions, jargon, categories, etc.	List, define, tell, describe, recite, recall, identify, show, label, tabulate, quote, name, who, when, where
			Ability to recall procedures, principles, theories etc.	
			Knowledge of dates, events, places	
			Mastery of course matter	
Sample Questions: 1. State Ohm’s law 2. List the arithmetic operators available in C in increasing order of precedence. 3. Define the purpose of a constructor. 4. Describe the process of galvanization and tinning 5. Write truth table and symbol of AND, OR, NOT, XNOR gates 6. What are the valid places for the keyword “break” to appear?				

Level	Descriptor	Level of attainment	Skill Demonstrated	Question Cues/Verbs for tests
2	Understanding	Explaining ideas or concepts	Understanding information	describe, explain, restate, associate, contrast, summarize, differentiate interpret, discuss
			Translate knowledge into new context	
			Interpret facts, compare, contrast	
			Predict consequences	

Sample Questions:

1. Explain the importance of sustainability in engineering design
2. Describe the characteristics of SCR and transistor equivalent for a SCR
3. Explain the terms: Particle, Rigid body and Deformable body giving two examples for each.
4. Discuss the effect of the Make in India initiative on the Indian manufacturing Industry.
5. Summarize the importance of ethical code of conduct for engineering professionals
6. What is the meaning of base address of the array?
7. Differentiate between entry and exit controlled loops.
8. How is an array different from a linked list?

Level	Descriptor	Level of attainment	Skill Demonstrated	Question Cues/Verbs for tests
3	Applying	Using the information in another familiar situation	Use methods, concepts, laws, theories in new situations	calculate, predict, apply, solve, illustrate, demonstrate, determine, model, experiment, show, examine, modify
			Solve problems using required skills or knowledge	
			Demonstrate correct usage of a method or procedure	

Sample Questions:

1. Model and realize the following behaviors using diodes with minimum number of digital inputs.
 - i. Turning on a burglar alarm only during night time when the locker door is opened.
 - ii. Providing access to an account if either date of birth or registered mobile number or both are correct.
 - iii. Updating the parking slot empty light in the basement of a shopping mall.
2. One of the resource persons needs to address a huge crowd (nearly 400 members) in the auditorium. A system is to be designed in such a way that everybody attending the session should be able to hear properly and clearly without any disturbance. Identify the suitable circuit to boost the voice signal and explain its functionality in brief.
3. A ladder 5.0 m long rests on a horizontal ground & leans against a smooth vertical wall at an angle 200 with the vertical. The weight of the ladder is 900 N and acts at its middle. The ladder is at the point of sliding, when a man weighing 750 N stands on a rung 1.5 m from the bottom of the ladder. Calculate the coefficient of friction between the ladder & the floor.
4. A single array A[1. MAXSIZE] is used to implement two stacks. The two stacks grow from opposite ends of the array. Variables top1 and top2 (top1 < top2) point to the location of the topmost element in each of the stacks. What is the condition for “stack full”, if the space is to be used efficiently?

5. Consider the following table of arrival time and burst time for three processes P0, P1 and P2.

Process	Arrival time	Burst Time
P0	0 ms	9 ms
P1	1 ms	4 ms
P2	2 ms	9 ms

The preemptive shortest job first scheduling algorithm is used. Scheduling is carried out only at arrival or completion of processes. What is the average waiting time for the three processes?

6. A CPU generates 32-bit virtual addresses. The page size is 4 KB. The processor has a translation look-aside buffer (TLB) which can hold a total of 128-page table entries and is 4-way set associative. What is the minimum size of the TLB tag?

Level	Descriptor	Level of attainment	Skill Demonstrated	Question Cues/Verbs for tests
4	Analyzing	Breaking information into the part to explore understandings and relationships	break down a complex problem into parts	classify, outline, break down, categorize, analyze, diagram, illustrate, infer, select
			Identify the relationships and interaction between the different parts of a complex problem	
			identify the missing information and the contradictory	

Sample Questions:

1. A class of 10 students consists of 5 males and 5 females. We intend to train a model based on their past scores to predict the future score. The average score of females is 60 whereas that of male is 80. The Overall average theclassis70. Give two ways of predicting the score and analyze them for fi ng model.
2. Suppose that we want to select between two prediction models, M1 and M2. We have performed 10 rounds of 10-fold cross-validation on each model, whereas the same data partitioning in round one is used for both M1 and M2. The error rates obtained for M1 are 30.5, 32.2, 20.7, 20.6, 31.0, 41.0, 27.7, 26.0, 21.5, 26.0. The error rates for M2 are 22.4, 14.5, 22.4, 19.6, 20.7, 20.4, 22.1, 19.4, 16.2, 35.0. Comment on whether one model is significantly better than the other considering a significance level of 1%.
3. Return statement can only be used to return a single value. Can multiple values be returned from a function? Justify your answer.
4. Bob wrote a program using functions to find the sum of two numbers whereas Alex wrote the statements to find the sum of two numbers in the main () function only. Which of the two methods is efficient in execution and why?

5. Davies working on a Campus Management Software but is unable to identify the maximum number of students per course. He decided to implement the same using arrays but discovered that there's memory wastage due to over-provisioning. Which method of memory storage should be used by Dave and how it can be implemented using C?
6. Albert is working on a 32-bit machine whereas Julie is working on a 64-bit machine. Both wrote the same code to find factorial of a number but Albert is unable to find factorial of a number till 9 whereas Julie is able to find the factorial of higher number. Identify the possible reason why Albert is unable to find the factorial. Suggest some changes to the code so that Albert can handle bigger inputs.
7. While writing a C code, the problem faced by the programmers is to find if the parenthesis are balanced or not. Write an algorithm to check if the parenthesis in C code is balanced. Initially your code should work for balanced {and} braces.
8. Swapping of the data in a linked list can be performed by swapping the contents in the linked list. Can the contents of a linked list be swapped without swapping the data?

Level	Descriptor	Level of attainment	Skill Demonstrated	Question Cues/Verbs for tests
5	Evaluating	Justifying a decision or course of action	Compare and discriminate between ideas	assess, decide, grade, test, defend, recommend, convince, judge, support, conclude, argue, justify, evaluate
			Assess value of theories, presentations	
			Make choices based on reasoned argument	
			verify value of evidence	
			use of definite criteria for judgments	
6	Creating	Generating new ideas, products or new ways of viewing things	use old ideas to create new ones	design, formulate, build, invent, create, compose, generate, derive, modify, develop, integrate
			Combine parts to make (new) whole	
			generalize from given facts	
			relate knowledge from several areas	
			predict, draw conclusions	

Both higher order cognitive skills ‘Evaluate’ and ‘Create’ are difficult to assess in me-limited Examinations. These need to be assessed in a variety of student works like projects, open ended problem-solving exercises etc. Typical examples of problem statements or need statements which need higher order abilities to solve are given below

Sample Problem/Need Statements:

1. An electric vehicle uses LIoN batteries. The batteries have to be charged and get discharged during use. The batteries require continuous monitoring during charging and discharging so that they remain healthy and yield along life. Design a system to monitor and manage the health of batteries.
2. A Biotech industry needs automation for filling its product into 20 ltr bottles. Design a system to meter the flow into the bottles so that each bottle has 20ltr of the liquid. There will be more than one filling station and the system has to monitor all the filling stations as well as keep count of the total production daily.
3. Microwave Doppler radar with a range of 9m is available for motion detection. Design a surround view monitoring system for a 3-wheeler to detect human obstacles while the vehicle is in motion.
4. Design a system to assist the driver by using cameras to detect lane markers and pedestrians while the vehicle is in motion.
5. Develop a small size USB 2.0 / 3.0 CMOS camera system which can be used for industrial inspection, medical applications, microscopy, etc. The system should be able to capture the image quickly and be able to process the captured image and then store it also.

While using Bloom’s taxonomy in the assessment of student learning, following points may be noted:

Normally, the first three learning levels; remembering, understanding and applying and to some extent the fourth level analyzing are assessed in the continuous internal evaluation and end semester examinations where students are given limited amount of time. The analysis, evaluation and creation can be assessed in extended course works or in a variety of student works like course projects, mini/major projects, internships etc.

Question paper must consist of various difficulty levels to accommodate the different capabilities of students. Bloom’s taxonomy framework helps the faculty to set question papers that are well balanced, testing the different cognitive skills without a tilt towards a tough or easy paper perception. Since the nature of every course is different, the weightage for different cognitive levels in the question papers can also vary from course to course.

Appendix B

ACTIONS TAKEN TO MALPRACTICES

Clause	Sub Clause	Nature of Malpractice	Recommended Action
1)	a)	Introduction and/or possession of any non-permissible material relevant to the examination, to the examination hall: Materials like bit(s) of papers, hall ticket with matter written on it, scribbling on hall ticket, and materials written on calculator, handkerchief, data book/hand book, instrument box, identity card, scales, clothing, chappals, socks, masks or in any part of the body. Such similar malpractices.	Debar for one chance, for the course concerned and imposition of a penalty of Rs. 1,000/-
	b)	Writing on the question paper and passing the same to other student(s) in the examination Hall	
	c)	Copying from neighbor's answer scripts with mutual consent, by peeping into the other's answer-script.	
	d)	Purposefully sitting on a wrong seat with the intention of cheating in examinations.	
	e)	Threatening/requesting the neighbor to show the answer-script	
	f)	Helping neighbors to answer questions	
	g)	Writing register number, name, name of college or other identifying marks within the answer book	
	h)	Writing appeals to the examiners, in the answer scripts	
	i)	Refusing to hand over question paper when leaving the hall during the examination hour.	
	j)	Using filthy language in the answer scripts	
	k)	Passing of answers from outside	
	l)	Disobeying the invigilator/other officials or resistance to instruction from authority.	

2)	a)	Possessing two copies of hall tickets with written matter on one of them. Adding additional printed pages with materials, in the code/data book. Found texts written in answer-sheets verbatim from the from the textbook, Lot of Questions answered by the candidate were the same as those obtained from Google search.	Debar for 2 chances, for the course concerned and imposition of a penalty of Rs.1,000/-.
	b)	Possessing non-permissible materials in large quantities (more than 5 bits or sheets)	
	c)	Possession of non-permissible materials in the form of reduced photocopies	
	d)	Resisting to hand over non-permissible material brought to the examination hall to the invigilator	
	e)	Copying from any material and resisting the instructions or warnings of the invigilator.	
	f)	Purposefully tampering/overwriting barcodes and Alpha-Numeric Code of the answer sheets	
	g)	Deliberately changing/replacing register numbers	
	h)	Purposefully tampering Answer books, removing pages	
	i)	In possession of Xerox copies of textbook, printed material, Xerox copy of notes, or Notebook	
	j)	Possession of mobile phones, tab, pen camera, smart watch, Bluetooth or wired headsets or any such other electronic, communication or storage gadgets	
	k)	Copying from neighbor's answer scripts with mutual consent, by exchanging or handing over the answer- sheet to the neighbor	
	l)	Destroying the evidence of malpractice. i.e. Actions like tearing, mutilating the answer scripts, refusing to hand over the answer scripts or running away with the answer scripts from the examination hall	

3)	a)	Impersonation	Permanent debarring, with the case referred to the police
	b)	Manhandling or threatening the invigilator/ officers or any authority of the College / University	
	c)	Tampering with the answer books of other candidates	
	d)	Communicating answers from outside or sending question papers to outside through electronic media. Using any form of electronic or cyber media for cheating in examinations.	
	e)	Smuggling question papers or other examination materials	
4)	Copying from neighbor's answer scripts (more than 3 students involved).		Debar for two chances for the course concerned and imposition of a penalty of Rs. 1,000/-.
5)	a)	Repeating malpractice second time. One time earlier, any type of malpractice.	Debar all registered courses in that semester including supplementary and imposition of a penalty of Rs. 3,000/-
	b)	Repeating malpractice Third time. Two times earlier, any type of malpractice.	Debar all registered courses in that semester including supplementary and also imposition of a penalty of Rs. 10,000/-
	c)	Repeating malpractice Fourth time. Three times earlier, any type of malpractice.	Permanent debarring. Penalty: Rs. 20,000/- to be paid for issuing Migration certificate.
6)	Threatening/bribing invigilators, evaluators, officials and examiners in person or through the answer books.		Based on gravity, minimum penalty shall be debarment for 2 chances, for the course concerned and also debarment of all registered courses in that examination definition and also imposition of a penalty of Rs. 2,000/-. Maximum penalty shall be debarment for all courses registered in that semester including supplementary examinations and also imposition of a penalty of Rs. 10,000/-.

7)	a)	Disturbing the candidates by entering the examination hall from outside.	Registration for the current examination shall be canceled. Any such incidents should be reported to the police by the Chief Superintendent and a report should be submitted to the Controller of Examination
	b)	Disturbing the candidates from outside the examination hall	
	c)	Stealing answer books	
	d)	Breaking open the closed examination halls.	
8)	Purposefully tampering arrangements for conduct of examinations.		Registration for the current examination shall be canceled.
	Note		
	1.	All the above punitive actions are applicable for Practical Examinations also.	
	2.	Candidates shall have the option of filing appeals to the Grievance committee constituted by the College.	
	3.	If a candidate is caught for Malpractice, he/she may be permitted to attend the remaining examinations for all the courses listed in the Hall Ticket concerned. For the same course, a fresh answer-book will be issued for writing the examination during the remaining period.	
	4.	For any type of malpractice, the student needs to attend before an enquiry committee. If he fails to attend before the committee, give the student one more chance for appearing before committee. If the student fails again, appropriate recommendations can be proposed by the respective enquiry committee by following the prescribed guidelines, assuming that the student has committed the alleged malpractice.	

ANNEXURES

ANNEXURE FORMS-1

**SREE BUDDHA COLLEGE OF ENGINEERING, PATTOOR
AUTONOMOUS**

DECLARATION FORM

(Member of Question Paper Setting / Member of Scrutiny Board / Member of Pass Board)

I,, hereby declare that:

1. I shall maintain strict confidentiality regarding my appointment and perform my responsibilities with the highest degree of honesty, impartiality, and professionalism, free from any external influence.
2. None of my near relatives, including but not limited to son, daughter, son-in-law, daughter-in-law, grandson, granddaughter, grandson-in-law, granddaughter-in-law, sister-in-law, brother-in-law, nephew, niece, brother, sister, uncle, aunt, spouse, is appearing for the Semester Degree Examinations (Month) (Year) for which I have been appointed as Chairperson / Question Paper Setter / Member of the Scrutiny Board / Member of the Pass Board / Additional Examiner / Chief Examiner.
3. I have not engaged in any form of private tuition for candidates appearing for the examination in the concerned subject during the academic year immediately preceding the examination for which this appointment pertains.
4. I am not pursuing course work for PhD program under KTU or any other institutions.
5. I shall not disclose any classified or sensitive information regarding the question papers or any aspect of the examination process to any unauthorized person at any time.

ANNEXURE FORMS-2

**SREE BUDDHA COLLEGE OF ENGINEERING, PATTOOR
AUTONOMOUS**

Format to be filled up by the faculty scrutinizing the Question Paper & Scheme

Details of Question Paper							
1.	Course Code & Name						
2.	Question Paper Code						
3.	Max Marks & Duration						
4.	No. of Pages						
Faculty Details							
1.	Name of Faculty						
2.	Designation						
3.	Branch						
4.	Name of Institution						
5.	Name of the University						
6.	Mobile Number						
7.	e-mail ID						
8.	Date of scrutiny						
Check List							
Fill the following details after completing the verification of Question Paper							
Sl. No.	Parameters	SET 1		SET 2		SET 3	
		Verified and found <i>Correct / Not Correct</i>	If Not, mention the required corrections	Verified and found <i>Correct / Not Correct</i>	If Not, mention the required corrections	Verified and found <i>Correct / Not Correct</i>	If Not, mention the required corrections
1.	Course code & Course Name						
2.	Semester, Month & Year of Exam						
3.	Number of Pages on QP						
4.	Max Marks & Duration						
5.	Pattern of Question Paper						
6.	Numbering of Questions						
7.	Marking of Compulsory Questions, Choices & Instructions like use of Tables, Graphs, data Sheets etc.						
8.	Clarity of the Questions						
9.	Legibility of Figures & Equations
