DISCUSSIONS:

INTRODUCTION:

A Board of Studies (BoS) meeting was held in online mode on 26/06/2025 at 10.00 am in Google meet. The meeting was started with a silent prayer. The Head of Department welcomed all members and the following matters were conveyed and discussed. The discussions and decisions are presented below.

Discussions and Decisions	Implementation/Follow-up by	Due Date
1. The Chairperson welcomed all the BoS members and briefed the agenda of BoS meeting.		
2. The Chairperson informed the Board that the Department is in the process of revising the syllabus for Semester III and Semester IV. The revision is being undertaken after detailed discussions with the expert committee. The primary focus of the revision is to align the curriculum with current industrial demands and enhance the employability of students.	BoS Chairperson	
3. The Chairperson informed the members that the department has been bifurcated as of December 2024, and hence, the existing BoS needs to be reconstituted.	Academic Council	
4. Dr. Malu Ravi presented the analysis of the first-year examination results and highlighted key observations. She also led the discussion on the proposed syllabus for Semester III and Semester IV, including the structure of core subjects, electives, and the incorporation of Minor and Honours degree options. Additionally, Dr. Malu Ravi briefed the Board on the ongoing and proposed research activities within the department. She further stressed the importance of enhancing placement opportunities and discussed strategies aimed at improving industry collaboration and student readiness for employment.	Academic Council	
5. Dr. Sinija noted that the BTech Semester III and IV curriculum and syllabus appears comprehensive and well-structured, and recommended it for approval.		

6. A clarification was sought on the elective courses: whether grouping into baskets is mandatory, or if students can choose electives based on their individual interests. She suggested providing students the flexibility to choose, keeping in mind the spirit of multidisciplinary learning.		
7. Emphasis was placed on the need for enhanced hands-on training to improve student engagement and practical knowledge.	BoS Chairperson	
8. Dr. Sinija recommended introducing more industry-relevant activities and training modules, thereby ensuring that graduates are industry-ready and professionally competent.	BoS Chairperson	
9. Also she pointed out the need for the students in participating outside the college in Hackathons and idea pitching competitions and winning the prizes so that college becomes familiarized to the industries outside.		
10. Dr. Sinija expressed concern over the academic performance of students in Semester II, highlighting that the SGPA of the topper was only 7.7, which indicates a general decline in performance.	BoS Chairperson	
11. She pointed out that the mathematical subjects might have contributed to this outcome and suggested that faculty members should provide additional academic support or preparatory sessions for these courses in future batches.	BoS Chairperson	
12. Er. Eldhose P Kauma recommended the syllabus for approval, stating that the structure and content align well with industry expectations.		
13. He stressed the importance of ensuring students gain real industry exposure, encouraging the department to facilitate internships and hands-on training as an essential component of the curriculum.	BoS Chairperson	
14. He pointed out that although there are ample job opportunities in the food sector, many students are not adequately prepared or fail to take their career	BoS Chairperson	

development seriously.		
15. He emphasized the need for career-oriented grooming, including interview preparation, communication skills, and a professional mindset, so that students are not just attending interviews but are actually ready to perform and succeed.	BoS Chairperson	
16. Er. Eldhose recommended industry-readiness programs and workshops to bridge the gap between academia and employment.	BoS Chairperson	
17. The Board approved the Autonomous revised BTech syllabus for the third and fourth semester of Food Technology.		
18. The proposal of BoS reconstitution was also approved by the BoS committee.		
19. The meeting was concluded as no matter was raised by any member and chairperson of BoS thanked all the members for attending the meeting and for giving suggestions.		
HoD thanked all participants and the meeting was adjourned at 11:45 am.
