

BOARD OF STUDIES (BoS) MEETING - ME Department

MEETING MINUTES- 2

MEETING DETAILS:

Meeting	BoS Meeting	Date	Friday, 20/06/2025
Chairperson	Prof. Anilkumar A. V., HoD	Venue	HoD's Chamber
Morning Session	Commencement: 10 am	Adjourned:	12:30pm
Reference		Minutes Approved by	HoD, ME department

ATTENDANCE: -(Hybrid Mode)

Attendees			
S. No.	Name	Member details	Signature/ Remarks
1	Prof. Anilkumar A. V.	HoD & Chairman, ME Department	
2	Dr. Santhakumar Mohan	Academic Council Nominee- 1	Attended online
3	Dr. Chakravarthy P	Academic Council Nominee- 2	Attended online
4	Dr. Mohammed Sadikh	VC- KTU-Nominee	Attended online
5	Mr. T.O. SureshKumar	Industry representative	—
6	Dr Amith Aravind	Alumni representative	Attended online
7	Dr. M S Senthil Saravanan	Professor	
8	Dr. Trijo Tharayil	Associate Professor	
9	Dr. J B Sajin	Associate Professor	
10	Ms. Vidya V	Assistant Professor	
11	Mr. Venugopal N	Assistant Professor	
12	Mr. Prasanth V	Assistant Professor	
13	Mr. Sreekumar E N	Assistant Professor	
14	Mr. Kalesh K K	Assistant Professor	
15	Mr. Ratheesh R	Assistant Professor	
16	Mr. Vaisakh P S	Assistant Professor	
17	Ms. Kalpana Ashokan	Assistant Professor	
18	Mr. Harikrishnan G	Assistant Professor	

DISCUSSIONS:

DISCUSSIONS:

INTRODUCTION:

The second Board of Studies (BoS) meeting of the Department of Mechanical Engineering was conducted in hybrid mode at 10 AM via Google Meet. The meeting commenced with a silent prayer. The Head of the Department welcomed all members and initiated the session. The following key points were discussed, and decisions were taken as detailed below:

- Welcome and opening remarks
- Confirmation of the minutes of the previous BoS meeting
- Discussion and approval of the modified syllabus for the 3rd and 4th semesters
- Discussion on course content
- Suggestions from expert members

Discussions and Decisions	Implementation/Follow-up by	Due Date
1. Dr. J. B. Sajin initiated the meeting by presenting the agenda and then formally handed over the session to the BoS Chairman. 2. The Chairman welcomed all the Board of Studies (BoS) members and briefed them on the agenda of the meeting. 3. The Chairman presented the minutes of the 1st BoS meeting, and the members unanimously accepted it without any modifications. 4. The Chairman presented the curriculum for the 3rd and 4th semesters, including the core subjects along with their detailed syllabus. 5. The Chairman informed the BoS members that the college has been awarded an 'A' Grade by NAAC, recognizing its excellence in quality education and institutional performance. 6. The Chairman shared the results of the 1st and 2nd semesters, providing a brief analysis of student performance and academic outcomes. 7. The Chairman also presented the modified syllabus for the respective courses, explaining the rationale behind the changes and seeking feedback from the expert members. 8. The BoS Chairman explained the department's plan to implement Project-Based Learning in the curriculum 9. The BoS Chairman provided a detailed explanation of the syllabus modifications carried out in the following	BoS Chairman BoS Chairman BoS Chairman BoS Chairman	

subjects based on the review and recommendations of the Department Curriculum Committee and feedback from industry experts: 10. Mechanics of Solids (Semester III): <i>Module 2</i> was enhanced by adding "Analysis of beam with FEA software" to introduce students to simulation tools and computational mechanics. Fluid Mechanics and Machinery (Semester III): <i>Module 3</i> was revised to include "Boundary layer theory and Boundary layer separation" to provide deeper insights into fluid flow behavior and improve theoretical understanding. Manufacturing Process (Semester III): <i>Module 3</i> now includes "Introduction to Additive Manufacturing and 3D Printing" to expose students to advanced manufacturing technologies. <i>Module 4</i> was updated to incorporate "Introduction to Industry 4.0", aligning the course with modern industrial practices and digital transformation trends. Engineering Thermodynamics (Semester IV): <i>Module 2</i> was modified to include "Problem solving using Python" to develop students' computational and programming skills in solving thermodynamic problems. Mechanics of Machinery (Semester IV): <i>Module 1</i> was updated to include "Developing models for link system" and "Simulation of Mechanism" to strengthen students' practical understanding of mechanical system design and analysis.	Academic Council	
11. Dr. Chakravarthy (BoS Member) suggested the following: Include an index page in the curriculum and syllabus	Academic Council	

document for better navigation and clarity. Include "Mechanics of Composites" as a topic in the elective "<i>Composite Materials</i>". In the Manufacturing Process course, include "Arc Physics" to improve theoretical understanding related to welding and thermal processes.		
12. BoS member Dr. Santhakumar Mohan expressed his agreement with the suggestions put forward by Dr. Chakravarthy, particularly on the inclusion of advanced and industry-relevant content. He endorsed the proposed modifications in the syllabus and appreciated the efforts taken by the department to align the curriculum with emerging technologies and practical learning outcomes	Academic Council	
13. Dr. Amith Aravind, BoS member, also accepted the proposed modifications in the syllabus. He further recommended to review and ensure the correctness of credit distribution for the modified subjects, in line with academic regulations and workload balance.	Academic Council	
14. Dr. Mohammed Sadikh, BoS member, also agreed with the opinions of Dr. Chakravarthy and Dr. Amith Aravind. He fully endorsed the revised syllabus and appreciated the department's initiative in updating the curriculum to meet current academic and industrial expectations.	Academic Council	
15. Dr. K. Krishnakumar, BoS member, emphasized the importance of incorporating all the suggestions and modifications made by the expert members during the meeting. He strongly recommended that the final syllabus reflect all the expert opinions discussed and agreed upon.	Academic Council	
16. The Board approved the revised syllabus for the 3rd and 4th semesters of the Mechanical Engineering program	Academic Council	
17. The meeting was concluded as no matter was raised by any member and chairman BoS thanked all the members for attending the meeting and for giving suggestions		

HoD thanked all participants and the meeting was adjourned at 12.30 pm.
